

Action ID	Action	Work Plan Item	Status	Lead	Contributors	Schedule	Criteria for closure
DQWG6-5A:	CH to inform the DIPWG chair of the DQWG intentions.	H.1	DIPWG has ended, therefore action closed.				
DQWG6-5B	SH and EM will produce first draft portrayal, and further input may be gained from the USM work. S-52 review did not have the scope to provide data quality display changes. S-100 Part 9 is still being developed.	E	Closed, effort being moved to actions following NIPWG paper (DQWG10-09A).				
DQWG6-10B	SNPWG on data quality: EM to liaise with SNPWG on data quality.	H.1	Closed				
DQWG7-4.6C	MP to propose a revision to the enumerated lists of QUAPOS and QUASOU, which reduce the number of similar items to the bare minimum. Proposal will be circulated to DQWG for comment, and then submitted to TSMAD-DCEG by SL.	E.1	Closed, was proposed to TSMAD29 and accepted as input to S-101 DCEG.				
DQWG7-4.7	EM to report on any progress made by SNPWG on the data quality model at DQWG8	H.1	Closed.				
DQWG8-4A	HICUP subWG to evaluate the visualization of adjacent areas which show the same level of data quality but due to difference reasons.	E	Done and closed, but the item of visualization of stacked areas will move to the overall portrayal discussion.				
DQWG8-4B	Group to review relevant sections of the S-101 DCEG, when it is more finalized.	H	Ongoing.	SL	WA, KC, RB, GM	August 31	There is no disagreement between the documents reviewed and the group agrees on the texts
DQWG8-5A	MP to draft a standard DQWG presentation.	C.4	Ongoing. AC to draft as part of report to HSSC7.	AC		August 31	Group's work and goals are documented in structural manner.
DQWG8-7B	SL to discuss with DIPWG chair about portrayal methods for data quality.	E	Closed, and moved to the general portrayal discussion.				
DQWG8-8A	CH to maintain liaison to TWLWG on quality issues.	H.1	Closed, and moved to a general liaison action.				
	Actions from the joint DQWG/TSMAD-DCEG meeting held the day after DQWG8: <b>Action:</b> TSMAD vice-chair to send DQWG chair a request of actions needed from DQWG regarding review of DCEG.	H.1	Closed				
DQWG9-4a	SL to draft/update DCEG data quality items	B	Done, paper submitted to TSMAD29				
DQWG9-4b	EM to update data model and distribute.	B	Done, distributed				

DQWG9-4c	BH to communicate any additional incidents to RB.	C.4	Whitney Anderson (to follow up with Brian Heap).
DQWG9-5a	EM to update the feature/attribute definition submission and distribute with the data model and decision tree to all DQWG members.	B	Ongoing, waiting outcome of DQWG10.
DQWG9-5b	MP to draft a write up of HICUP outcomes. Write up will include data model, decision tree, screen mock up etc.	B.4, E.1	Done
DQWF9-5c	SL will draft S-101 DCEG data quality parts.	B	Done, paper submitted to TSMAD29
DQWG9-5d	CH to submit screen mock-up, data model and decision tree to DIPWG chair for portrayal development.	B.4	Closed, and moved to a general liaison action.
DQWG9-5e	All to consider visualization of stacked areas and report back at next DOWG.	E.1	Ongoing
DQWG9-6a	CH to send to mapping documents to S-101 work item leader.	B.4	Done, included in latest version of the S-57 to S-101
DQWG9-6b	MP to update 'quality of sounding measurement and quality of position' document and distribute to DQWG membership and CSPCWG for comment.	B.4	Ongoing, AC to ask chair NCWG for update.
DQWG9-8	CH to coordinate the data quality document sub group and draft a document for next DQWG meeting.	C.4	Ongoing, action moved to AC.
DQWG9-9	CH to update the work program.	I	Done
HICUP	<ul style="list-style-type: none"> <li>- Submission for TSMAD to ask if we can layer unsurveyed and depth area features. (Mike Prince)</li> <li>- Get updated document and then suggest revisions, if needed, to doc TSMAD28 –DCG5 re technology driven</li> <li>- Start writing a working group letter with the finished decision tree, stacking, data model. (Mike, Karen)</li> <li>- Start writing guidance for using the data quality model. (Mike)</li> <li>- Confirmation of the Good, Fair, Poor terminology for data quality layers before sending targeted information to pass to</li> <li>- Data model and decision tree need to be updated based on HICUP meeting. (Eivind)</li> </ul>		Done
