

Hydrographic Services and Standards Committee

Report
to
HSSC-4, September 2012

Definition and Length of Coastline

Following the comments at HSSC4
France proposes a new revised version of the document
and make new recommendations

New recommendations

- IHO proposes A method and not THE method
 - The IHO method should be published in the Hydrographic Review
- A metadata should describe the method of calculation
 - Other Bands and largest scales could be used if they are more suited for comparison purposes

Actions required of HSSC

- Note the report.
- Agree to publish the method in the Hydrographic review.
