

Hydrographic Services and Standards Committee

Proposal

to

HSSC-4, September 2012

Annual National Technology Updates

Summary

- ✦ Valuable technical work is being performed by M.S. that could benefit other M.S.'s.
- ✦ HSSC has recently been focused on ENC.
- ✦ It is proposed that short, annual technical reports be given by M.S.'s at HSSC, including points-of-contact, to facilitate the sharing of such work.
- ✦ An example report by the USA is provided at INF3.

Action required of HSSC

- ✦ Add “National Technical Reports” as a permanent item on HSSC’s future meeting agendas.
- ✦ M.S.’s contribute as appropriate at HSSC.
