

Reorganisation of the Belgian hydrographic services into one organisation: the “Flemish Hydrography”.

In September 2004 the two Belgian Hydrographic Offices, namely in Ostend and Antwerp, were reorganised into one Flemish Hydrography. This made it possible to centralise all Flemish hydrographic activities into one organisation.

Offices in Ostend (main office)
Vrijhavenstraat 3
8400 Oostende
Belgium

Offices in Antwerp
Tavernierkaai 3
2000 Antwerpen
Belgium

A new logo and website were developed: www.vlaamsehydrografie.be

An internal reorganisation led to the following organization chart:
