P-5 - IHO YEARBOOK, 1999 EDITION

Reference: IHB CL 42/1998 dated 18 September 1998.

Dear Sir,

1. Please find enclosed herewith the 1999 Edition of IHO Publication P-5, the International Hydrographic Organization Yearbook.
2. Due to the very small number of responses from Member States, it was not possible to adopt the new format (referred to in CL42/1998) for the 1999 edition, as originally planned.
3. An Amendment Sheet is also provided which gives the most important changes which were notified after the publication deadline. Member States are encouraged to continue to send corrections to the Bureau as and when changes take place, so that the Bureau's records can be kept continuously up to date.

On behalf of the Directing Committee
Yours sincerely,

Commodore John LEECH
Director
