

IHB File N° S3/8161

<p>CIRCULAR LETTER No. 28/2001 11 June 2001</p>

MARINE INDUSTRY WORKSHOP
IHB - MONACO
28-29 June 2001

Ref: IHB CL 13/2001 rev.1 of 3 April 2001

Dear Sir or Madam,

Circular Letter 13/2001 announced that a “Marine Industry Workshop” was to be held at the IHB on 28-29 June 2001, in accordance with the objectives of the WEND and CHRIS Committees. This workshop aims at facilitating the exchange of information on issues of mutual concern to all involved in provision of charts and charting information, i.e. IHO, industry, academia, shipping companies, regulatory authorities, type-approval agencies, etc. Consideration will be given at this Workshop to a suitable mechanism that will allow regular interface between all role players.

Attached are a draft Programme for the workshop and the current List of Participants (as of 11 June). It may be noted on the latter document that IHO Member States attendance, as current registration shows, is rather limited and substantially less than that of non-IHO bodies. IHO Member States who have not yet indicated their intention to attend are therefore kindly requested to consider the possibility of sending representatives to the workshop, so as to widen the IHO audience and give more strength to the IHO voice at this important workshop.

Those wishing to attend the workshop are urged to contact the IHB (Ms Mollet - info@ihb.mc), at their earliest convenience, for registration and hotel reservation purposes.

On behalf of the Directing Committee
Yours sincerely,

Rear Admiral Neil GUY
Director

Encls: Provisional Programme and List of Participants

MARINE INDUSTRY WORKSHOP
IHB, Monaco, 28-29 June 2001

LIST OF PARTICIPANTS
(Provisional 11 June 2001)

INDUSTRY / ACADEMIA / INSTITUTIONS		
Country/Institution	Name	E-mail
C-Map (Italy)	Mr. David D'AQUINO	ddaquino@c-map.it
CIRM, London (UK)	Mr. Michael RAMBAUT	cirm@btinternet.com
UK Maritime & Coastguard Agency	Mr. J.P. COLLINS	jcollins@ncga.gov.uk
PRIMAR, Stavanger	Mr. Robert SANDVIK Mr. Mike BISSET	robert.sandvik@primar.org mike.bisset@primar.org

**MARINE INDUSTRY WORKSHOP
IHB, Monaco, 28-29 June 2001**

PROGRAMME
(Provisional, 11 June 2001)

Thursday 28 June

- | | |
|--|---|
| 1. WELCOME AND ARRANGEMENTS | <i>N. R. Guy, G. Angrisano</i> |
| 2. INTRODUCTION AND VIEW OF USERS | <i>J. Pace, W. Bligh,
J. van Alst</i> |

C O F F E E B R E A K

- | | |
|---|--|
| 3. DEVELOPMENT AND CONTROL OF STANDARDS | <i>G. Büttgenbach
M. Rambaut, D. O'Brien</i> |
| <p>Is the present system for the development and Maintenance of ECDS related standards efficient?
What other standards and harmonization should be considered?
What mechanism can be implemented to facilitate greater industry participation in IHO standards development?</p> | |

L U N C H

- | | |
|--|--|
| 4. MECHANISMS FOR MORE INFORMED DECISIONS MAKING | <i>P. Kent, G. Muck,
T. Svanes</i> |
| <p>Are all competent parties involved?
Is there need for a continuous process of consultation?
Are there realistic, up-to-date, and feasible recommendations that can be put to the IHO for consideration?</p> | |

C O F F E E B R E A K

- | | |
|---|---------------------------------|
| 5. THE PRESENTATION LIBRARY | <i>I. Waskuri, L. Alexander</i> |
| <p>What are the shortcomings related to the Presentation Library?
What can be done to eradicate the most significant of these shortcomings?
Are there recommendations that can be put to the IHO for consideration?</p> | |

Friday 29 June

6. ENC DELIVERY MECHANISMS

*P. Wainwright
D. D'Aquino, P. Duré*

What are the various "ENC Delivery" mechanism options?
What could be the implications of these options be on the requirements for safe navigation?
What are the appropriate mechanisms for navigation data distribution?
Is there urgency for these to be considered?
Are there recommendations that can be made to the IHO for consideration?

C O F F E E B R E A K

7. SECURITY SCHEMES AND DATA INTEGRITY MECHANISMS

R. Sandvik, A. Vorobiev

What are the requirements for, and the acceptability of, ENC/RNC security/integrity schemes?
What are the cost-effective and feasible approaches to data security/integrity schemes?
Are there recommendations that can be made for IHO consideration?

8. TYPE APPROVAL CONSIDERATIONS

M. Jonas

As there significant impediments to the type approval process?
What remedies could overcome these impediments?
What recommendations can be made for IHO consideration?

L U N C H

9. ADDITIONAL USES OF ECDIS AND S-57

C. Oberheim

Are there additional uses for ECDIS or S-57?
What is the significance or requirements of these uses to IHO standards and responsibilities?

C O F F E E B R E A K

10. GENERAL DISCUSSIONS

N.R. Guy

Consideration and confirmation of technical recommendation to be made to the IHO.
Consideration and confirmation of recommendations to the IHO for future liaison between the IHO and other role-players related to hydrography.

11. CLOSURE
