CIRCULAR LETTER 30/2001
25 June 2001

ICC 2001 – 20th INTERNATIONAL CARTOGRAPHIC CONFERENCE
(Beijing, China, 6-10 August 2001)

References: IHB Circular Letter 11/2001 of 16 February 2001

Dear Sir,

1. As a result of Circular Letter 11/2001, the following IHO Member States have informed the IHB and the Maritime Safety Administration of China of their intention to participate in the IHO Chart Exhibition, which will be held on the occasion of the 2001 Congress of the International Cartographic Association (ICC 2001), on 6-10 August 2001, in Beijing, China:

*Australia, China, Finland, France, India, New Zealand, Portugal,
Spain, Sri Lanka, Turkey, United Kingdom and USA (NOAA).*

In addition, the IHB will have a display illustrating IHO activities. The Netherlands and Sweden have informed the IHB that they will not participate.

2. Items which will be displayed at the IHO Chart Exhibition are listed in Annex A. The IHB is grateful to all those HOs who will take part in the display. The ICA Congress is a major cartographic event and is a unique opportunity to exhibit and demonstrate the IHO Member States' chart production.

3. The IHB is of the opinion that the more IHO Member States who participate in this kind of exhibition, the better the reputation of the IHO will be in the "outside" world. The IHB would therefore like to urge those HOs not listed above to consider participating in the IHO display at ICC 2001 and to send their items to the Maritime Safety Administration of China ¹, info IHB, as soon as possible.

4. A jury composed of cartographic experts will be formed to examine the displays and select the best one. A prize will be awarded to the winning HO at the XVIth International Hydrographic Conference.

¹ *Maritime Safety Administration (Attn: Mr XU Binsheng), 11 Jianguomennei Avenue, Beijing 100736, China*

5. This Circular Letter is again copied to : the ICA President (Dr Bengt RYSTEDT), the Chairman of the ICA Commission on Marine Cartography (Mr Ronald FURNESS, Australian HO) and the Chair, Local Organizing Committee for ICC 2001 (Prof YANG Kai, State Bureau of Surveying and Mapping, China, icc2001@sbsm.gov.cn).

6. The IHB would like to record once again its appreciation of the Maritime Safety Administration's assistance to the IHB in organizing the IHO Chart Exhibition at ICC 2001.

On behalf of the Directing Committee
Yours sincerely,

Rear Admiral Neil GUY
Director
