Ref: A: CL41/2004

Dear Hydrographer,

Please rectify the table of votes in the above referenced CL to read as follows:

In the line for Japan please change question 2a and 2b to a **BLANK** vote. Japan's comment in the voting table attached to the above Circular Letter is still valid and refers to Question 2a.

Please therefore change the total of NO votes in the voting table to read **3** for Question 2a and **6** for Question 2b.

On behalf of the Directing Committee
Yours sincerely,

Vice Admiral Alexandros MARATOS
