Dear Hydrographer,

Decision No. 3 of the XVth International Hydrographic Conference (Publication in reference 1) amended IHO Administrative Resolution T4.2 to read:

It is recommended that the Member States of the International Hydrographic Organization (IHO) support the activities of the International Hydrographic Bureau (IHB) as far as possible, by:

- a) *the temporary secondment of skilled personnel to work on specific tasks at the IHB,*
- b) *temporary exchanges of personnel with the IHB.*

This was subsequently reflected in AR T4.2 (see Publication in reference 2).

Accordingly, the National Oceanographic Research Institute (NORI) of the Republic of Korea has kindly made available to the IHB one of its experts, Mr. CHOI Shin-Ho, for an initial period of one year with effect from 1 December 2006, which was gratefully accepted. Mr. CHOI has a GIS / electronic charting background and he will be working at the IHB on activities related to cartography and data management.

The Directing Committee would like to thank NORI for the secondment of Mr. CHOI Shin-Ho who will make an effective contribution to the work of the Bureau.

On behalf of the Directing Committee
Yours sincerely,
