**IHO PUBLICATION S-58 "RECOMMENDED ENC VALIDATION CHECKS"
Edition 3, February 2007**

Dear Hydrographer,

1 A new Edition 3 of IHO Publication S-58 "Recommended ENC Validation Checks" has been published by the IHB and made available on the IHO website (www.iho.int > Publications > Catalogue > S-58). It supersedes Edition 2, which was released in October 2003.

2 Edition 3 has been published subsequent to the release of IHO S-57 Supplement No1 (Edition 3.1.1) in order to accommodate the new object classes and attributes contained therein. Edition 3 also contains a number of editorial changes and additional checks that have been agreed upon by the Transfer Standard Maintenance and Application Development (TSMAD) Working Group.

3 New editions of this publication are only issued as required in order to reflect changes requested by IHO Member States and interested stakeholders. Requests for the inclusion of new validation checks or changes should be sent to the TSMADWG secretary (apharaoh@ihb.mc).

On behalf of the Directing Committee
Yours sincerely,

Rear Admiral Kenneth BARBOR
Director
