IHB File No. S1/1900/A

CIRCULAR LETTER 33/2009
19 May 2009

WORLD HYDROGRAPHY DAY - IHO SLIDESHOW

Reference: IHB CL 66/2008 dated 6 August 2008

Dear Hydrographer,

1 The Directing Committee would like to thank the eighteen Member States who responded to Circular Letter 66/2008 by providing digital images of their activities for use as part of World Hydrography Day celebrations and similar events:

Australia, Chile, Colombia, Denmark, Finland, France, Germany, Italy, Japan, Netherlands, New Zealand, Norway, Pakistan, Portugal, Spain, Sweden, UK and USA.

2 Mr Menini of the IHB has compiled a selection of the images provided by Member States into a 25-minute slideshow that may be useful in promoting the IHO and Member States' activities in world hydrography.

3 The slideshow is stored on the attached CD-ROM as a .wmv video file that will run on most media players. The file will not be placed on the IHO website because of its large size.

4 The original slideshow compilation was created using the Microsoft application *Photo Story 3*. The associated *Photo Story 3* project file has been included on the CD-ROM so that Member States can adjust, add to, or recompile the slideshow to meet their particular requirements as necessary. *Photo Story 3* is free to registered users of *Windows^{XP}* and can be downloaded from Microsoft websites.

On behalf of the Directing Committee
Yours faithfully,

Captain Robert WARD
Director

Enclosure: CD-ROM (by post only)
