CIRCULAR LETTER 75/2009
12 November 2009

IHO RESOLUTION ON STATUS OF HYDROGRAPHIC SURVEYING AND NAUTICAL
CHARTING WORLD WIDE

Reference: IHB CL 72/2009 dated 6 November 2009

Dear Hydrographer,

1 At the reference the IHB reported on the approval by Member States of amended and deleted resolutions as proposed by the IHB.

2 Resolution K2.9 on "Progress of Hydrographic Surveys World Wide" was approved for deletion. France considered that this topic remained of sufficient importance to the IHO to merit retention in the resolutions of the IHO.

3 Based on the draft text provided by France the IHB proposes the following resolution for adoption by Member States:

A1.22 Status of Hydrographic Surveying and Nautical Charting World Wide

It is resolved that the IHB, based on information provided by Member States and the Regional Hydrographic Commissions, maintains and promulgates the status of hydrographic surveying and nautical charting worldwide (IHO Publication C-55), aimed at highlighting those areas where further surveying and charting activity is required in order to satisfy the requirements of international navigation.

4 Member States are requested to complete the voting form at Annex A and return it to the IHB by **Monday 14 December 2009**.

On behalf of the Directing Committee
Yours sincerely,

A handwritten signature in purple ink, appearing to be 'A. Maratos', is written over a horizontal line.

Vice Admiral Alexandros MARATOS
President
