

IHB File N° S1/1437

CIRCULAR LETTER 11/2010  
29 January 2010

### RETIREMENT OF Mrs RENEE CAUDOUX

Dear Hydrographer,

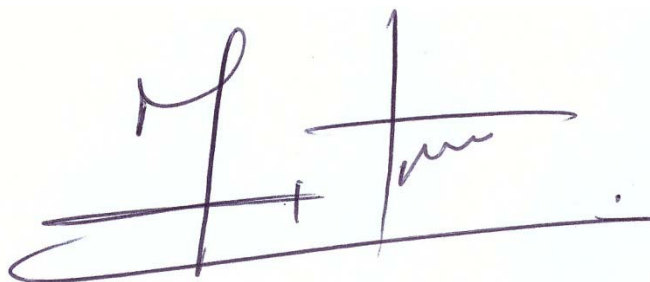

1 Mrs Renée Caudoux will retire from the IHB on 26 February 2010 after 23 years service. During that time Mrs Caudoux has provided steadfast service in her principal role as the Document Preparation Assistant, where she has continuously incorporated amendments and changes to the majority of the IHO publications. Mrs Caudoux will be best known to IHO delegates for her friendly and helpful assistance in preparing documentation and making arrangements for IHO meetings at the IHB and during the Conferences.

2 The Directing Committee wishes to express its gratitude for all the hard work and dedication that Mrs Caudoux has provided over the many years that she has served the Organization and wishes her well in her retirement.

3 Following an open and extensive selection process the Directing Committee has appointed Mrs Isabelle Belmonte to replace Mrs Renée Caudoux in a newly designated position of Website and Publications Editor (WPE) . The position of WPE replaces Mrs Caudoux's position and includes an increased emphasis on web-based technology and desk top publishing than was previously the case.

On behalf of the Directing Committee

Yours sincerely,

Vice Admiral Alexandros MARATOS  
President
