Dear Hydrographer,

1 At the references, the Directing Committee sought information for, and subsequently distributed, an updated list of Experts on the Law of the Sea from IHO Member States. The latest version of the list is available in the ABLOS section of the IHO web site at:

http://www.iho.int/mtg_docs/com_wg/ABLOS/ABLOS_Misc/ABLOS_expertslist.pdf

2 Member States are requested to review the list and to submit any amendments to the IHB **by 30 April 2014**. An updated list will then be forwarded to the United Nations International Tribunal for the Law of the Sea.

3 The Directing Committee requests that up-to-date information from Member States be provided at least on an annual basis; however Member States are also encouraged to send amendments to the list at any time in order to ensure that the version maintained in the ABLOS section of the IHO web site remains current at all times.

On behalf of the Directing Committee
Yours sincerely,

Gilles BESSERO
Director
