CIRCULAR LETTER 70/2014
20 October 2014

AVAILABILITY OF INFORMATIVE VIDEOS ON HYDROGRAPHY

Dear Hydrographer,

1. Earlier this year, the Italian Hydrographic Institute (IIM) produced two short video clips in Italian and English to support World Hydrography Day. These short, high-impact films have now been recompiled from an IHO perspective for use by all Member States. New soundtracks in English, French, Italian and Spanish were produced in collaboration between the IIM and the IHB.
2. The Directing Committee would like to thank the Italian Hydrographic Institute for their generosity in recompiling these informative and useful videos that highlight the importance of hydrography.
3. We would like to encourage Member States to distribute and promote these videos in the interest of creating awareness of hydrography and the roles of national Hydrographic Offices. The video clips are available via the IHO website at: www.iho.int > Home > About IHO > What is Hydrography ? > Video clips

On behalf of the Directing Committee
Yours sincerely,
