

ORGANIZACION HIDROGRAFICA INTERNACIONAL

Dossier del BHI No. CBC-1

CIRCULAR No. 75/2008
30 de Septiembre del 2008.

INFORME DE LA SEXTA REUNION DEL COMITÉ DE LA OHI SOBRE CREACION DE CAPACIDADES

Estimado(a) Director(a),

1. La Sexta Reunión del CCC de la OHI se celebró en el BHI, Mónaco, del 27 al 29 de Mayo del 2008, bajo la Presidencia del Capitán de Navío Hugo GORZIGLIA (Director).
2. En la reunión, el Comité actualizó el Programa de Trabajo sobre Creación de capacidades para el 2008 y aprobó el Programa de Trabajo sobre CC para el 2009, que había sido preparado basándose en el Programa de Trabajo de la OHI para el periodo 2008-2012. Ambos documentos se proporcionan como Anexos al informe.
3. Se ruega a los Estados Miembros que proporcionen sus comentarios sobre el Informe **antes del 31 de Octubre del 2008**, lo más tardar.

En nombre del Comité Directivo
Atentamente

Capitán de Navío Hugo GORZIGLIA
Director

Anexo: Informe de la 6ª Reunión del CCC de la OHI (*en Inglés únicamente*).

**REPORT OF THE SIXTH MEETING OF THE IHO CAPACITY
BUILDING COMMITTEE
IHB, Monaco, 27-29 May 2008**

- Annex 1. List of Participants
- Annex 2. Updated CBWP 2008
- Annex 3. Agreed CBWP 2009
- Annex 4. Text of IHO Resolution T1.3.

**REPORT OF THE SIXTH MEETING OF THE IHO CAPACITY
BUILDING COMMITTEE
IHB, Monaco, 27-29 May 2008**

The Sixth meeting of the IHO CBC was held at the International Hydrographic Bureau, Monaco, from 27 to 29 May, under the chairmanship of Captain Hugo Gorziglia (IHB Director). The representatives from Mexico and South Africa sent their apologies for not being able to attend. The Chairman also regretted the absence of the representative from Mozambique.

The List of CBC participants is provided in Annex 1. It is to be highlighted that several participants also represented their Regional Hydrographic Commissions.

1. Opening and Welcome

Captain Gorziglia, IHB Director and Chairman of the IHO Capacity Building Committee, invited Vice Admiral Maratos, President of the IHB Directing Committee, to address the Committee. He welcomed the participants, stressing the importance of Capacity Building within the framework of Regulation 9 of IMO SOLAS V. The Chairman also invited Captain Ward, IHB Director, to address the participants. Capt. Ward also welcomed the representatives and stressed the relationship between the maintenance of technical programmes and Capacity Building.

The Chairman opened the Meeting and noted and welcomed the new members who were present: Mr. Kikuchi (Japan), Mr. Slosvik (Norway), Mr. Smith (UK) and two observers, Mr. Ramadoron (Madagascar) and Mr. Travin (IOC).

The Chairman provided a general overview of the activities undertaken since the last meeting, and highlighted the increased activity on the part of Regional Hydrographic Commissions submitting projects for consideration by the CBC.

2. Approval of the Agenda and Timetable

The Chairman introduced the Draft Agenda (Doc. CBC6-01), the Timetable (Doc. CBC6-03) and the List of Documents of the meeting (Doc. CBC6-04). These items were approved by the Committee with some minor amendments.

3. Minutes of the Fifth Meeting

The CBC Secretary proceeded to review the minutes of the past meeting and the Report of the Fifth CBC Meeting was approved without any change.

4. Review of the List of Actions from the Fifth Meeting

The Chairman, Members and Secretary of the CBC reviewed the actions agreed at the last meeting (Doc.CBC5-5, Annex 1), and reported on the accomplishment of, or progress made on, the items under their responsibility.

The following comments should be highlighted:

- Thanks expressed by the French H.O. to the CBC for the letter written to the EAHC Chairman reporting on the availability of historical data of reefs and islands of the South China Sea.
- The completion of the action by Australia concerning the document “Guidelines for submission of projects to Funding Agencies”. The Australian representative considered that the commitment on this topic was completed and that the document did not require any further input. The document is available from the IHO Web page and other members of the CBC might consider any further development, if applicable.
- The observer from IOC reported that his organization will hold a Workshop for managers about the procedures to be followed to obtain funds from international funding agencies. He also agreed that communications with the Ministries of Foreign Affairs of the countries involved in a potential project, together with the respective Embassies, are essential to develop any joint project.
- Other CBC members spoke about their experience in joint projects, such as COAST MAP and the “West Indian Marine Highway”.

5. Chairman Report (Doc. CBC6-07)

The Chairman provided a general overview of the activities undertaken since the last meeting.

5.1 General IHO CB Activities. (Doc. CBC6-07 Annex A)

The Chairman reported on matters related to Capacity Building not under the CB Work Programme that have been dealt with by the IHO and in particular by the IHB. He mentioned the joint activities carried out with IMO and IOC, in particular those of the new Joint Committee on Capacity Building formed by the three organizations and the meeting held in March 2008 with the IMO officers responsible for Technical Cooperation. Following this meeting, the IHB is cooperating with IMO on the development of a Course in Hydrography for the Caribbean countries and a Seminar on Hydrography for the South Pacific region.

The Chairman noted that letters have been sent to the Chairmen of the SWPHC and MACHC informing them of these events.

International cooperation has also continued with the IHO involvement in projects such as the IOC COAST MAP, the Marine Electronic Highway for the Malacca and Singapore Straits and the MBSHC Black and Azov Seas Working Group.

5.2 World Hydrography Day. (Doc. CBC6-07 Annex B)

The Chairman mentioned the actions taken to prepare the 2008 WHD celebrations and the CBC’s contribution with a Press Release and several posters highlighting the importance of Capacity Building within the IHO. The posters are available on the IHO web page.

5.3 S-55 Progress. (Doc. CBC6-07 Annex C)

Information was provided on those countries which have recently updated their information for that IHO publication.

The SEPHC representative commented on the use that his region makes of this publication and the President of the IHB Directing Committee mentioned IMO's involvement in its world wide dissemination.

5.4 Capacity Building Fund. (Doc. CBC6-07 Annex D)

The Chairman reported in detail on the income and expenditures related to the CB Fund and noted that it was able to satisfy the demands received. He thanked the Republic of Korea for the annual contribution of 100,000 USD \$ to the fund.

6. 2007 CB WP. Executed and Pending Activities. (Doc. CBC6-08)

The activities achieved since the last CBC Meeting were reviewed by the Committee. Emphasis was made on the outcome of technical visits, technical workshops, and support provided to attend courses. The following items were tabled:

6.1 Technical Visits – Suriname (5-6 December 2007) – Undertaken by the IHB representative, the CBC noted the importance of this visit in the process of reinstatement of this country to full membership of the IHO.

6.2. Technical Workshops :

- Technical Workshop on Development of Standard Operational Procedures for Multibeam Hydrographic Surveys, held in Cartagena, Colombia for SEPHC, MACHC and SWAtHC regions (September 2007)

The CBC acknowledged the joint effort of DIMAR (Colombia) and NAVOCEANO (USA) in the organization and the success of this event.

- Technical workshop on Fluvial Hydrographic Survey held in Iquitos, Peru (November 2007)

The high number of participants in this Workshop, outstandingly organized by the Peruvian Hydrographic Office, was highlighted.

- Technical workshop on Phase 1 Capacity held in Jeddah, Saudi Arabia for NIOHC countries (November 2007)

This Seminar was strongly supported by PERSGA, which offered its premises and its coordination to bring together the countries in the region to participate in the event.

6.3. Courses:

- MSI Training Course held in Jamaica for MACHC countries;

The CBC took note of the broad participation of the countries in the region in this first edition of the Course. The hard work of the CRPNW Team and the strong support provided by UK and USA were very much appreciated.

- MSI Course held in Maputo, Mozambique, for SAIHC countries

The CBC again thanked all those involved in this second MSI Course. It was not feasible to provide this course in a language other than English, or with simultaneous interpretation.

- Multibeam Course provided by Ocean Group, supported by the CB Fund for BSHC, MBSHC, EAHC and NIOHC countries.

The CBC gave credit to the good theoretic level of this Course and commented that selected students must have a good level in mathematics and physics to get the maximum benefit from the training.

In general, the results of these Workshops and Courses were considered to be most satisfactory, although the CBC regretted lack of feedback from some of them. It was decided to remind the authorities organizing events supported by the Committee to provide formal reports of the results and achievements to the CBC. This information was found to be a key element for future CBC decisions with regard to similar initiatives. The CBC is willing to explore the real effect of these CB efforts.

6.4. Pending 2007 activities :

- Technical visits (Eritrea, Kuwait, Egypt, Honduras, Dominican Republic)

The CBC noted that these activities had not progressed mainly due to a lack of follow-up. Due to the lack of updated information from the involved countries concerned by these visits, it was agreed to postpone them until an official request is received by the CBC.

- Support to the development of the Gulf of Honduras Project.

Information on the Gulf of Honduras support was provided and an updated request for support from the CBC Fund was approved and included in the 2008 Work Programme.

7. Management Plan (Doc. CBC6-10)

The CBC Management Plan (Doc. CBC6-10) was updated by the Committee, who examined the submissions received from the Regional Hydrographic Commissions and other IHO bodies concerning their projects and requests for support to implement their capacity building initiatives (Doc.CBC5-09). The submissions came from the following Regional Hydrographic Commissions: EAHC, MBSHC, MACHC, SAIHC, SWATHC, SWPHC.

A submission sponsored by France and Norway concerning the development of hydrography in Madagascar was also considered by the Committee, as well as a submission from Mozambique.

The updated Management Plan can be found in the IHO Web page, under Committees – CBC.

A new category “Dormant” was agreed for projects for which insufficient information has been received but that, however, should remain in the Management Plan. Such projects would remain in this category until the CBC receives the adequate information or definitely deleted from the Plan, after a period of six months.

The Committee considered it useful to have detailed feedback of the results of the projects undertaken and therefore decided to ask all beneficiary countries from 2007 onwards to send a report to the CBC detailing the results, findings and any other relevant comment.

The Committee also stressed the importance of having detailed information about each submission. The guidelines drafted in the CBC Procedures (see next item) should be clear enough to facilitate the RHCs correct submission of projects.

During the examination of the submissions, some earlier Committee decisions such as not funding purchase of equipment and fees of long courses were reiterated.

8. CBC Procedures.

At the 5th Meeting, the CBC tasked its members to develop during the intersessional period five procedures for submission and examination of projects for support from the Committee. The break-down of the Procedures was as follows:

- PROC 1 “Procedure and model for submitting a request for support to the CBC”.
- PROC 2 “ Procedure to be followed by RHCs before submitting requests for support to the CBC”
- PROC 3 “ Review process to be followed by the IHB, prior to including the request in the Draft Management Plan”.
- PROC 4 “ CBC evaluation procedure of submissions made by RHCs”.
- PROC 5 “Procedure for performance assessment”. This includes the study and development of the existing Tables of Performance Indicators discussed.

The Committee examined in detail the texts proposed and approved the proposals for Procedures 1, 2 and 3. Proposals 4 and 5 will be further re-drafted by the group concerned. The job should be completed by 1st July and the whole document circulated to all CBC members.

9. Updated Work Programme 2008 and Agreed Work Programme for 2009

In accordance with the updated Management Plan, the Chairman proposed the necessary adjustment to the CBC Work Programme 2008 and to the Draft Work Programme for 2009. These documents are provided in Annexes 2 and 3. The CBWP 2009 will be incorporated into the 2009 IHO Work Programme.

10. Report on study made regarding Decision 17 of the 17th IH Conference.

The Chairman noted that the proposed text to be added to IHO Resolution T 1.3. had generally been approved by RHCs (Doc. CBC6-14). The Committee made some minor amendments to the text, in order to consider the comments received. The final text is provided in Annex 4. The text will be circulated to the IHO Member States for approval following the procedures in force.

11. Any other business

The Chairman reminded the Committee that, from 1st January 2009, a new IHO structure will enter into force, the CBC becoming the Sub-Committee on Capacity Building, reporting to the Inter-Regional Cooperation Committee (IRCC). He requested the Committee members to give consideration to the nomination of a new CBC Chairman at the CBC7. The newly elected CBC Chairman should be prepared to attend the first meeting of the IRCC, which will be held immediately after the closure of the 4th Extraordinary I.H. Conference. The CBC Chairman is a member of the IRCC.

The Australian representative said he would be unable to attend future CBC meetings, unless they were held in a region close to his country and encouraged the IHB to progress in the study of alternative methods, such as Video Conferences or similar procedures.

12. Date and place of the 7th Meeting

The CBC was informed of an offer made by South Africa to host the CBC7 should no other offer be made.

The representative of the Republic of Korea confirmed the invitation made at the CBC5, and the Committee agreed to hold the 7th meeting in Seoul from 11 to 13 May 2009, keeping South Africa as an alternative. A letter will be written to the Republic of Korea thanking them for the confirmation of their invitation and to South Africa for its offer.

12. List of Actions with deadlines and assigned lead

An Action List (Doc. CBC6-15) based on the discussions held during the meeting was prepared and agreed by the CBC members.

13. Closure

The Chairman adjourned the meeting at 1245 on 29 May 2008.

ANNEX 1. LIST OF PARTICIPANTS

CBC MEMBERS

Country	Name	E-mail

ANNEX 2 CAPACITY BUILDING WORK PROGRAMME 2008

Approved at the CBC5 and updated at the CBC6

Program 2 Capacity Building

Element 2.1 Capacity Building Management

		Finances	Responsible
Task 2.1.1	IHO Capacity Building Committee (IHOCBC) The 6 th Meeting to take place at the IHB in Monaco 27/29May 2008.	IHO budget	Chair
Task 2.1.2	Capacity Building Fund (CBFund) Contribute to the IHB in the Administration of the Fund, report after the 6 th CBC Meeting to IHB on outcome.	None	Chair Vice Chair
Task 2.1.3	Meetings with other organizations, funding agencies, private sector and academia. To define institutions to be visited.	IHO budget	Chair
Task 2.1.4	IHO Capacity Building Strategy. Review the IHO CB Strategy and update it as required	None	Vice Chair with a task team
Task 2.1.5	Capacity Building Work Program (CBWP). Review and update the 2008 WP and develop and propose 2009 WP during CBC6 Meeting.	None	All
Task 2.1.6	Follow-up of CB activities and initiatives. Control CB WP and study and establish a procedure to assess the benefit of such activities and initiatives	None	All

Element 2.2 Capacity Building Assessment

		Euros	Responsible
Task 2.2.1	Technical and Advisory Visits. General Support to be provided by IHB (Cuba and Bahrain)	IHO budget	IHB + Chairs
	SWPHC (Technical Visit to PNG and Fiji(+ advice on digital chart production to Fiji))	20.000	Chair RHC**
	SAIHC (Advisory Visits to Angola, Malawi(DONE) and Namibia)	9.000	Chair RHC*
	EAtHC (Assessment to Guinea Bissau to be confirmed by EAtHC)	7.500	Chair RHC**
	MBSHC (Technical visit to Albania(DONE), Lebanon, Malta and Romania)	7.500	Chair RHC*
Task 2.2.2	S-55 Status of Hydrographic Surveying and Nautical Charting Worldwide Continue efforts to complete S-55 and to keep data updated.	None	Chair + IHB
Task 2.2.3	Assessment procedures. To establish procedures for assessing hydrographic, cartographic and safety of navigation status.	None	VC + task team

Element 2.3 Capacity Building Provision

		Euros	Responsible
Task 2.3.1	Raise Awareness on the Importance of Hydrography. Support this general IHO task when ever technical visits are conducted.	None	All
Task 2.3.2	Technical Workshops, Seminars, Short Courses. Support for General Organization	IHO budget	IHB + Chair
	- MSI Technical Training Course (MBSHC(DONE) and NIOHC)	20.000	RHC Chairs*
	- MB Course in Brazil (MACHC)	12.000	RHC Chair/Brazil*
	- Regional Data Exchange Workshop (SEPHC)	10.000	RHC Chair
	- ENC Production Course (MACHC) HydroSurvey Course/Charts/ENC	16.000	RHC Chair + Venezuela****

	- Workshop on Port and Shallow Water surveys, S-44 (RSAHC)	10.000	RHC Chair**
	- Technical support in developing regional hydro-cartographic plan (SWAHC DONE)	0.000	DONE
	- Conduct of Basic Practical Hydrographic Survey Course (EAHC)	15.000	RHC Chair**
	- Regional Survey Team operations in Seychelles area (NIOHC)	30.000	RHC Chair**
	- Support to attend course Cat A and Cat B. Bangladesh (2/2); Myanmar (2/2); Saudi Arabia (2/2); Seychelles (1/1); Sri Lanka (1/2) (NIOHC)	6.800	RHC Chair**
	- Support to Oman for on the job training on ENC in Pakistan (NIOHC)	6.000	RHC Chair**
	- Support for one person to attend technical workshop in India on MBES (NIOHC) considered through Indian Course	0.000	Included in MB Course India **
	- Support 9 students fee and accommodation for QA course on MBES hydrographic surveying and post processing (EAHC)	12.500	RHC Chair *
	- Support 9 student fee and accommodation for QA course on ENC Production (EAHC)	8.700	RHC Chair*
	New Introduced Activities		
	a) Multibeam Course in GOA, INDIA , Nov.2008	36.000	IHB in conjunction with India HO *
	b) Golf of Honduras Projects (carried from 2007) (MACHC)	9.267	RHC Chair*
	c) Technical workshop on ENC/ECDIS *in conjunction with 3 rd RSAHC October 2008 (pending from 2007)	6.500	IHB/ RHC Chair *
	d) Refresher Course on Survey Practices (1 week course@ RCMRD, Nairobi) (SAIHC)	18.000	RHC Chair *
	e) Briefing to Governing Council of Regional Centre For Mapping of Resources for Development (RCMRD) & Council of Ministers (SAIHC)	3.000	IHB/ RHC *
	f) ENC QA Workshop with e-navigation basics (SWATHC)	7.200	RHC Chair*
	g) Cartographic production training for Mozambique	4.300	RHC Chair*
	h) Bridging advance Preparation of Project (SAIHC, Madagascar)	18.000	RHC Chair ***
Task 2.3.3	Hydrographic and Nautical Cartography Courses. Contribute with the IAB to the establishment of training facilities and delivery of courses.	None	Chair
Task 2.3.4	On the Job Training (ashore / on board) Investigate on the job training existing opportunities.	None	Chair
Task 2.3.5	Marine/Maritime Projects. Provide guidance upon request to ensure that marine/maritime projects include a CB component on hydrography, cartography and MSI aspects.	None	Chair
Task 2.3.6	Bilateral agreements. To study, develop and propose IHO transition procedures that could be adopted by countries with developing hydrographic capabilities for the provision of hydrographic services in accordance to SOLAS V.	None	VChair + Task team

Note (*) = The CBC is aware that this activity is in progress. No further information is required.

Note ()** = The CBC considers these activities as approved, but no feedback has been received. The status of progress is not known.

Note (*)** = Sent to Chairman SAIHC for evaluation and to Madagascar and France for further information and clarification. CBC Members to decide afterwards.

Note (**)** = Sent to the Chairman and HO in Venezuela with comments.

Total funds required = 293.267.00 euros.

CBFund (29MAY08) = 300.000.00 euros

If all is executed there will be an expected left-over of 6,733 euros to be allocated for the 2009 programme.

ANNEX 3 AGREED CAPACITY BUILDING WORK PROGRAMME FOR 2009

Program 2 Capacity Building			
Element 2.1 Capacity Building Management			
		Finances	Responsible
Task 2.1.1	IHO Capacity Building Committee (IHOCBC) The 7 th Meeting to take place probably in Seoul, Rep. of Korea May 2009.	IHO budget	Chair
Task 2.1.2	Capacity Building Fund (CBFund) Contribute to the IHB in the Administration of the Fund, report after the 7 th CBC Meeting to IHB on outcome.	None	Chair Vice Chair
Task 2.1.3	Meetings with other organizations, funding agencies, private sector and academia. To define institutions to be visited.	IHO budget	Chair
Task 2.1.4	IHO Capacity Building Strategy. Review the IHO CB Strategy and update it as required	None	Vice Chair with a task team
Task 2.1.5	Capacity Building Work Program (CBWP). Review and update the 2008 WP and develop and propose 2009 WP during CBC6 Meeting.	None	All
Task 2.1.6	Follow-up of CB activities and initiatives. Control CB WP and study and establish a procedure to assess the benefit of such activities and initiatives	None	All

Element 2.2 Capacity Building Assessment			
		Euros	Responsible
Task 2.2.1	Technical and Advisory Visits. General Support to be provided by IHB *EAHC (Technical Visits) *SWPHC (Advisory Visits)	IHO budget 10.000 10.000	IHB + Chairs Chair RHC* Chair RHC*
Task 2.2.2	S-55 Status of Hydrographic Surveying and Nautical Charting Worldwide Continue efforts to complete S-55 and to keep data updated.	None	Chair + IHB
Task 2.2.3	Assessment procedures. To establish procedures for assessing hydrographic, cartographic and safety of navigation status.	None	VC + task team

Element 2.3 Capacity Building Provision			
		Euros	Responsible
Task 2.3.1	Raise Awareness on the Importance of Hydrography. Support this general IHO task when ever technical visits are conducted.	None	All
Task 2.3.2	Technical Workshops, Seminars, Short Courses. Support for General Organization <ul style="list-style-type: none"> • Workshop on Port and Shallow Water surveys, S-44 (BSHC) • Chart Production and ENC training Course (SWATHC, MACHC and SEPHC), • Seminar for National Hydrographic Committee Chairmen (SWPHC and SAIHC) • MSI Technical Training Course (RSAHC and EAHC) • Workshop on Regional Survey Team Operations (NIOHC) 	IHO budget 5.000 20.000 30.000 30.000 14.000	IHB + Chair RHC Chairs* RHC Chairs RHC Chairs RHC Chairs RHC Chair*

	New Activities included:		
	A) Technical Workshop on INT charts and scheming (RSAHC)	????	RHC Chair*
	B) 5 week ENC production course, delivered in region by UK in first quarter 2008 (NIOHC)	55.000	RHC Chair**
	C) QA on Multibeam Surveying and Post Processing (EAHC)	12.500	RHC Chair**
	D) QA on ENC Production (EAHC)	8.700	RHC Chair
	E) Advice for development of prioritised national survey plan Seychelles (SAIHC)	3.500	RHC Chair
	F) MBES Course OMG (SWATHC, MACHC and SEPHC)	30.000	RHC Chair
	G) Training (SAIHC, Madagascar) Conditional, depending on the results received from stage 1, if support is approved ,and additional information to be requested on activities, costs etc.	38.000	RHC Chair ***
Task 2.3.3	Hydrographic and Nautical Cartography Courses. Contribute with the IAB to the establishment of training facilities and delivery of courses.	None	Chair
Task 2.3.4	On the Job Training (ashore / on board) Investigate on the job training existing opportunities.	None	Chair
Task 2.3.5	Marine/Maritime Projects. Provide guidance upon request to ensure that marine/maritime projects include a CB component on hydrography, cartography and MSI aspects.	None	Chair
Task 2.3.6	Bilateral agreements. To study, develop and propose IHO transition procedures that could be adopted by countries with developing hydrographic capabilities for the provision of hydrographic services in accordance to SOLAS V.	None	VChair + Task team

Note (*)= RHC Chairman to confirm this activity and provide details.

Note ()**= Will be considered by the CBC at a later stage depending on resources available.

Note (*)** =Conditional, Will be considered by he CBC at a later stage, depending on information received and the results received from stage, if support is approved.

RESOURCES:

2009 CBFund Normal Budget : = **70.000 euros**

ROK Support to CBC (June 2008): = **66.000 euros**

From not budgeted in previous year (2008) : = **12.733 euros**

CBFUND Contribution to the WP 2009 = **148.733 euros**

TOTAL Budgeted for 2009 = **161.200 euros**

Deficit (covered with potential non executed activities 2008)= **11.467 euros**

Activities NOT FUNDED at this time = **105.500 euros**

ANNEX 4**AMENDMENT TO IHO RESOLUTION T1.3**

2 bis.- Where Capacity Building is required in a region, RHCs are recommended to establish an internal body to deal with CB matters and to designate a focal point to ensure continuity in the CB process. This part-time allocation to assist RHCs should come primarily and ideally from an HO within the region. If that is not possible then the RHC might agree to request support from another RHC or a HO that might wish to take that responsibility.

These regional contact points, the responsibilities of which should be given directly and in detail by the concerned RHC, shall have the support of the RHCs; shall be nominated having in mind the importance of continuity; shall be in permanent contact with the corresponding RHC Chairman as well as with the CBC Chairman. Ideally should be a CBC member with access to the RHCs meetings.

In the absence of any other viable alternative and despite its limited human resources availability a request of support could be requested to the IHB.
