

Maritime Safety Information Training

Objective

- Provide practical guidance for drafting navigational warnings
- Briefings / Hands On
 - Maritime Safety Information
 - SafetyNET
 - NAVTEX
 - WWNWS
 - Practical Exercises

Significance

- In some regional areas there is a limited availability of MSI. Full GMDSS facilities do not exist across the whole region.
- To increase the coordination and collaboration between the National Coordinator and NAVAREA Coordinator

Outcomes

- Be informed of all events that could significantly affect the safety of navigation within their coastal region.
- Assess all information in the light of expert knowledge
- Draft warnings in accordance with international standards
- Pass to NAVAREA Coordinator, quickest means possible.

Instructors

- NAVAREA IV/XII
- NAVAREA I
- Regional NAVAREA Coordinator(s)

Enhanced Collaboration

- Guyana
- Colombia
- Barbados
- Mexico
- Jamaica
- Honduras

Colombia

Good afternoon from Colombia!!!

Warm greetings to all!

It informs all Mariners and the Maritime Community in general, that the fishing vessel "CASTRAPO", with hull structured white and red, and which sailed from Port Manaure, Guajira, with 04 crew on board, to make for fishing trip, possibly currently adrift, with machinery problems. Last known position of the fishing area: Lat. 12° 01' 00" N, Long. 75° 55' 00" W. Mariners are advised to take extra precautions for the area. Also, give knowledge to the respective maritime authorities, in case of finding and rescuing the vessel.
