³ Comments (France):
1) The conversion of all nautical documents into digital form is of major importance to SHOM and its finalization is part of a strategic project which is currently being developed.
2) In parallel, there is ongoing consultation with the Ministry of Transport concerning the development of national regulations in the domain.

⁴ a first experimental version made available to users for a volume of the collection of Lists of Lights

⁵ new version – a version (SHOMAR) existed and operated under DOS; it has now been withdrawn from service.
