Comments to TSMAD and DIPWG Reports

- ✦ To seek clarifications to the time schedule for development of S-101
- ✦ “*When S-101 is available?*”
- ✦ To clarify what are the challenges (Portrayal)?
- ✦ To present a clear written document or a *roadmap* with realistic time schedules
- ✦ To include also some scenarios if some challenges could not be met

Comments to TSMAD and DIPWG Reports

- ✦ Development of *machine readable chart alarms and indications model*
- ✦ This has been discussed in TSMAD+DIPWG meetings 2011 and 2012, but no work item
- ✦ To add a new work Item to DIPWG or TSMAD Work Program

Action required of HSSC

- ✦ To take note on this
- ✦ To invite TSMAD and DIPWG Chairs to forward a roadmap with time schedules for S-101 development
- ✦ To add a new work item to TSMAD or DIPWG Work Program
- ✦ To take actions as seen appropriate
