Liaison Note to the IHO
Development of Recommendations and Guidelines on e-Navigation Portrayal

- ✦ IALA e-NAV Committee is developing Recommendations and Guidelines for 'harmonized' presentation of e-Navigation information.

- ✦ The focus is on 'goal-based' standards

- ✦ The guiding principle is harmonization rendering across equipment and systems and display situational centric

- ✦ While IALA is focusing on shore-side aspects of e-Navigation

- ✦ IMO considers ECDIS as a core component of e-Navigation

- ✦ To support e-Navigation consideration may be given regarding the portrayal of e-Navigation related information in the future IHO S-101 standard for ENCs

- ✦ IALA is considering the need for mentioned guidelines to be issued in 2013
