IHB

# Inputs

- ✦ HSSC5-04.3A Procedure for the maintenance of S-57 and S-52 (IHB)

- draft revision of the wiring diagram in Annex 1 to TSMAD ToR
- draft wiring diagram for S-52 chart Presentations Bulletins (PB)

*Note: amendments to TSMAD and DIPWG ToR need to be agreed by HSSC*

- ✦ HSSC5-04.3B Comments from Finland

- ✦ HSSC5-04.3C Comments from DIPWG Chair

# Comments from Finland (1/3)

## ✦ Scope of the procedures

- Any issue which could potentially require a clarification or a revision of S-57 ((EB) and/or S-52 (PB)

## ✦ Urgent / not urgent issues versus safety-related issues

- Safety related issue => “urgent” procedure (inform the stakeholders as soon as possible, including remedial actions)
- Non safety related issue => “normal” procedure

*Note: the wiring diagram does not reflect the timeline; it presents only the logical chain of actions*

# Comments from Finland (2/3)

- ✦ **Criteria / Rules for safety related issues**
  - *Expert assessment by TSMAD / DIPWG Chair Group*
  - *Assessment includes*
    - *drafting of EB and/or PB*
    - *identification of other impacts if any*
  - *Final decision by the IHB*

# Comments from Finland (3/3)

- ✦ Textual description not consistent with diagram
  - ?? (*Specifics, please!*)
- ✦ Status of S-57 Maintenance sub working-group
  - *Terms of reference and rules of procedure to be agreed by TSMAD*

# Comments from DIPWG Chair

- ✦ Adjustments to the diagram
  - *The proposed adjustments clarify the logical process*
  - *Note: it is suggested to amend “Non S-52 impact” to “Impact other than S-52”*
- ✦ Outcome of item 9b in the textual description
  - *Cut and paste error in HSSC5-04.3A*
  - *Proposed amendment OK*

# Action requested of HSSC

## ✦ Two options:

- Set up a drafting group to finalize the draft amendments for approval in plenary
- Send back the proposal to TSMAD (and DIPWG?) for further review, as proposed by Finland, and ...
  - Approval by correspondence, or
  - Approval at HSSC-6
