Objective, Authority and History

✦ Objective
To revise IHO publication S-66 – "*Facts about electronic charts and carriage requirements*"

✦ Authority
This Project Team is a subsidiary of the HSSC established in accordance with the consolidated HSSC Work Plan 2014-2015 (paragraph 14, work item B1)

✦ History
See HSSC S-66 Revision Project Report – Nov 2014

2015 Actions

✦ Plan , construct and agree stage 1 S-66 revision work plan (see the attached plan - noting the severely limited availability of team members)

✦ Work broken down and allocated to sections of the team - 9 separate sections

✦ Preparatory work undertaken in May and June

✦ Section 1 revision undertaken by a small section of the team through June and into July

✦ No further progress to date!

S-66 Project Re-invigoration

- To achieve stage 1 revision <u>completion</u> the original plan will need to be revised and team members will need to be re engaged with an assessment made as to their <u>realistic availability</u>.

- Where necessary new team members will be required to replace those that have left their positions or to replace those who are unable to commit to the revised work schedule.
