

Status of European Maritime and Fisheries Fund and updates to Integrated Maritime Policy

Ostend, 19 February, 2014

impact assessment

- impact assessment today 
- three objectives
 - increase coherence between EU initiatives
INSPIRE, Copernicus, Fisheries data collection
 - set-up mechanism to help Member States define priorities for monitoring and surveying
North Sea and Mediterranean pilot projects underway
 - bring in data from private sector
voluntary approach with incentives

April 2014

- Communication on "Innovation in Blue Economy"
 - research
 - skills
 - data
- Roadmap on Marine Knowledge 2020
 - you have a copy of latest version
 - comments welcome

budget so far

		phase 1	phase 2
thematic groups	bathymetry	€ 2,175,000	€ 2,000,000
	geology	€ 925,000	€ 4,200,000
	physics	€ 1,000,000	€ 1,000,000
	chemistry	€ 700,000	€ 4,000,000
	biology	€ 750,000	€ 1,700,000
	physical habitats	€ 800,000	€ 1,390,000
	human activity		€ 2,060,000
checkpoints	Mediterranean		€ 1,095,000
	North Sea		€ 600,000
secretariat			€ 520,000
		€ 6,350,000	€ 18,565,000
