### Transportation from Changi Airport

Singapore offers a wide range of options for travelling from Changi Airport to the City and Furama RiverFront. The information below will outline the quickest way to Furama RiverFront hotel from Changi Airport via different modes of transportation.

#### Train (MRT)

To get to the city by train, board the train from the station located at the basement of Changi Airport Terminals 2 and 3. Transfer to the westbound train (towards Joo Koon station) at Tanah Merah station (2 stops). Alight at Outram Park station (12 stops) where Furama RiverFront hotel is a 15 minute walk from the station. The last train that connects to the last westbound train at Tanah Merah station leaves Changi Airport station at 11.18pm. Cost of fare to the city is approximately SGD\$3.00. Singapore's MRT network map is available [here](#).

## Public Bus

Take public bus service 36 from Changi Airport to the city (24 stops) and transfer to bus service 64 at YMCA bus stop. Alight at Hotel Miramar bus stop (4 stops) where Furama RiverFront is a 2 minute walk away. The first bus departs Changi Airport at around 6.00am and the last leaves just before midnight. A single fare is estimated to cost around \$2.50 and the ride takes about an hour. Bus stops are located at the basement bus bays of Terminals 1, 2 and 3. You will require the exact fare as no change will be given. Alternatively, a stored-value EZ-Link card for multiple rides can be purchased from any Changi Recommends store or the Changi Airport train station.

## Taxi/Uber/Grab

Taxis are available at the taxi stands at the Arrival levels of each Terminal. A ride to the city takes about 30 minutes and costs between SGD\$20 and SGD\$40. Alternatively, you may conveniently arrange for an Uber or Grab to the city/hotel.

## Shuttle Bus Service

Furama RiverFront offers daily shuttle bus service to town (Orchard Road and Clarke Quay MRT) station and the details of this service can be found [here](#).

## Electricity

Singapore's electrical voltage is 220-230V, 50 Hz and power sockets are of Type G. The Type G electrical plug has three rectangular blades in a triangular pattern and has an incorporated fuse.
