Dear Michael,

Reference:

A. Your E-mail and IHB Letter 03/2011 dated 24 May 11.

In continuation to letter at reference, comments are appended below:

a. Pakistan considers that more time be given to develop consensus between Korea and Japan prior finalizing any proposal on □Naming of Sea Area□ between Korea and Japan. Moreover, Pakistan will also support for any proposal if agreed by both parties to resolve the issue for revision of S-23.

b. Pakistan also supports the insertion of □Important Notice□ in red in the preface of S-23, which will indicate the technical character of the S-23 publication.

Warm regard.

MUHAMMAD ARSHAD
