

22nd SCUFN MEETING
Brest, France, 22-26 September 2009

ACUF COMMENTS ON JANUARY 2009 GEBCO SCUFN GAZETTEER

GEBCO NAMEACUF COMMENT**A**

Amundsen Basin

This name disappeared after the December 2002 gazetteer; ACUF has Fram Basin

B

Barcoo Bank

move note: "shown as Barcoo Tablemount in ACUF Gazetteer" from Bardin Seamount entry to Barcoo Bank entry, which seems to be missing

Bunsei Seamount

15 E

longitude should be closer to 139°14'E; JCUFN gazetteer has 139

C

Cefalu Basin

change note: shown as Cefalù Basin in ACUF Gazetteer

Chikugo Hill

add note: shown as Chikugo Seamount in ACUF Gazetteer

Chirikov Knoll / Chirikov Seamount

Same feature? Look at SCUFN 7 Summary Report

SCUFN History of name(s):

Chirikof Seamount (1985 SCUFN Draft Gazetteer)

Changed to Chirikov Knoll (SCUFN 7)

Chirikof Knoll and Chirikof Seamount appear in 1988,95,97 & 99 Gaz.

Chirikov Knoll and Chirikov Seamount appear in 2002, 03 & 04 Gaz.

ACUF requests SCUFN to review the history to this situation to determine if there are indeed two features in questions.

was listed in SCUFN 2002 Gazetteer but not since; was it removed?

Chukchi Borderland

Chuo Seamount

add note: this feature is part of what is shown as Broken-Top Guyot in ACUF Gazetteer

Coco-de-Mer Ridge

change note: shown as Coco-de-Mer Seamounts in ACUF Gazetteer

Colón Seamount

change note: shown as Columbus Seamount in ACUF Gazetteer

Cortes Bank

reverted back to Cortes Bank in ACUF Gazetteer; remove note

Cruiser Seamount / Irving Seamount

ACUF believes that the names are applied to the incorrect features see ACUF 302

Curumani Valley

change note: shown as Curumaní Valley in ACUF Gazetteer

Cyrene Seamount/

Herodotus Seamount

remove one record: two names for same feature

D

Da Vinci Bank

remove note: ACUF Gazetteer now shows Da Vinci Bank

Demerara Plateau / Guiana Plateau

remove one record: two names for same feature

E

East Cortes Basin

remove note: reverted back to East Cortes Basin in ACUF Gazetteer

G

García Knoll

remove note: SCUFN and ACUF have the same spelling

H

Hokuto Hill

add note: shown as Hokutō Knoll in ACUF Gazetteer

Hotokenoza Guyot

add note: shown as Hotokenoza Seamount in ACUF Gazetteer

I

Imarssuak Channel
Io Valley
Izu-Ogasawara Trench

coordinates do not match location on GEBCO 5.0
add note: shown as Iō Canyon in ACUF Gazetteer
remove note: now shown as Izu-Ogasawara Trench in ACUF Gazetteer

J

Jimmu Guyot

change note: shown as Jinmu Seamount in ACUF Gazetteer

K

Kammu Guyot
Kant Seamount
Kerama Canyon
Keto Knoll
Kita-Amami Escarpment

Komahashi/Komahasi Seamount
Kuril-Kamchatka Trench

change note: shown as Kanmu Seamount in ACUF Gazetteer
KANT still in all caps
add note: shown as Kerama Canyons in ACUF Gazetteer
add note: shown as Keto Bank in ACUF Gazetteer
remove note: now shown as Kita Amami Escarpment in ACUF Gazetteer
remove one record: two names for same feature
remove note: now shown as Kuril-Kamchatka Trench in ACUF Gazetteer

L

La Confidence Ridge
Lefacor Knoll
Lowreenne Borderland

add note: shown as Savannah Seamounts in ACUF Gazetteer
should be Lefavor Knoll (was discussed at SCUFN 20)
add note: shown as Lowreene Seamounts in ACUF Gazetteer

M

MacDonald Bank
Mapmakers Seamount
Minami Hill
Morris Jessup Spur

Mungo Park Seamounts

should be Macdonald; named for Gordon A. Macdonald possibly Seamounts? (note refers to "group")
add note: shown as Minami Knoll in ACUF Gazetteer
check spelling: should be Morris Jesup see:
<http://www.westportnow.com/arts/archives/008499.htm>
add note: shown as Park Seamounts in ACUF Gazetteer

N

Nikindani Canyon
Nishi Hill
Nishi-Tempo Seamount
North Tasman 7 Seamount

add note: shown as Mikindani Canyon in ACUF Gazetteer
add note: shown as Nishi Knoll in ACUF Gazetteer
add note: shown as Nishi Tenpō Seamount in ACUF Gazetteer
add note: shown as North Tasman Seamount Seven in ACUF Gazetteer

O

Oki-Daito Hill

add note: shown as Okidaitō Knoll in ACUF Gazetteer

P

Paremo Hill
Paul de Chailu Seamounts

Pierre Brazza Seamounts
Poincaré Seamount
Polarstern Plateau
Prokof'yev Seamount

add note: shown as Paremo Knoll in ACUF Gazetteer
Approved as Paul du Chailu Seamounts at SCUFN 14; add note: shown as Du Chailu Seamounts in ACUF Gazetteer
add note: shown as Brazza Seamounts in ACUF Gazetteer
check latitude coordinates 5°15'N or 15°15'N ?
add note: shown as Polarstern Knoll in ACUF Gazetteer
add note: shown as Prokofiev Seamount in ACUF Gazetteer

R

Repe Hill
Rude Knoll
Rumble III Seamount

add note: shown as Repe Knoll in ACUF Gazetteer
entry disappeared from GEBCO Gazetteer after 2006.
add note: shown as Rumble Three Seamount in ACUF Gazetteer

S

Satsuma Seamount
 Sengfeller Seamount
 Senshu Guyot
 Shortland Canyon

check coordinates: chart shows and ACUF has 27°07'N, 134°13'E should be Sengteller Seamount (was discussed at SCUFN 20)
add note: shown as Senshū Seamount in ACUF Gazetteer ACUF disagrees with the comment; the coordinates for Shortland Canyon are different from those of The Gully; ACUF coordinates agree with Canada's Gazetteer of Undersea Features.

Siberia Abyssal Plain
 Smoot Seamount

*remove note: Siberia Abyssal Plain is now ACUF-approved should be **Smook** Seamount (as published in 1999 SCUFN Gazetteer and as shown on INT 50)*

Soga Guyot
 South Skiros Basin
 suruga Seamount
 is

note is not complete: shown as Saga Guyot in ACUF Gazetteer
change note: shown as South Skýros Basin in ACUF Gazetteer two entries are present; but with different coordinates. Initial letter

not capitalized

T

Tenmei Hills
 Tenpo Seamount
 Thor Iverson Bank

change note: shown as Tenmei Seamount in ACUF Gazetteer
*change note: shown as Tenpō Seamount in ACUF Gazetteer should be Thor Iversen Bank; see: [http://home.online.no/~polar-
ps/hopen.html](http://home.online.no/~polar-
ps/hopen.html)*

Titmann Seamount

should be Tittmann Seamount; see:

Tonbi Valley
 Tosa Bank

<http://www.history.noaa.gov/cgsbios/biot5.html>

change note: shown as Tonbi Canyon in ACUF Gazetteer
note not needed: also shown as Tosa Bank in ACUF Gazetteer

U

Uke Seamount

add note: shown as Sei Seamount in ACUF Gazetteer and Japanese chart 6725

W

Watari Bank

check longitude: ACUF has 138°55'E

Y

Yoto Seamount

add note: shown as YOTO Seamount in ACUF Gazetteer
