Reason for Choice of Name (if a person, state how associated with the feature to be named):	The name is proposed after Leonardo di ser Piero da Vinci (April 15, 1452 – May 2, 1519, was an Italian Renaissance polymath: painter, sculptor, architect, musician, scientist, mathematician, engineer, inventor, anatomist, geologist, cartographer, botanist, and writer. His genius, perhaps more than that of any other figure, epitomized the Renaissance humanist ideal. Leonardo has often been described as the archetype of the Renaissance Man, a man of "unquenchable curiosity" and "feverishly inventive imagination"
