**Introduction / Background**

This WG is a subsidiary of the Hydrographic Services and Standards Committee (HSSC). Its work is subject to HSSC approval.

Apart from the Terms of Reference (ToR) which are the basis of the SNPWG's work, the SNPWG has to provide a work plan to HSSC for approval.

**Analysis/Discussion**

The attached work plan reflects the current base of knowledge. It would be necessary to implement more working items and a realistic time frame for each item. The work of SNPWG 16 should result in a revised version of this work plan.

**Conclusions**

The revised work plan would reflect the HSSC working item assigned to SNPWG.

**Recommendations**

The group should discuss the work plan and provide a revised version to HSSC for endorsement.

**Justification and Impacts**

NIL

**Action required of SNPWG16**

The SNPWG16 is invited to:

- a. discuss the work plan,
- b. redraft a work plan version for HSSC endorsement.
