To: TSMAD Members

Date 08 January 2009

Subject: TSMAD Internal Extension List

Dear Member,

Firstly a Happy and Prosperous New Year to you all.

An action on myself which has been outstanding for a while, is to distribute the TSMAD Internal Extension List for review. As stated in the opening background text, it was always intended to review the proposals therein for currency and content before the publication of a full new version of S-57 (now S-100).

Could everyone (and particularly those member states who originated proposals) please review and confirm their continued requirement. Once this exercise is complete the confirmed features and attributes will be added to the Hydro Feature Concept Dictionary. The latest version of the list accompanies this letter.

Please submit comments/questions to the Secretary of TSMAD, Mr. Tony Pharaoh at apharaoh@ihb.mc.

Regards,

Barrie Greenslade
Chairman, TSMAD
