Date 2nd July 2009

Subject: HSSC1 – IHO GII Maintenance

Dear All,

Accompanying this letter is a TSMAD paper proposing a new structure for the management and maintenance of the IHO GII Registry. This includes standards, specifications and the various registers. This was discussed at CHRIS 20 without conclusion and this paper takes forward discussions at the meeting and subsequent experience.

In order to meet the deadline for submission to HSSC it would be appreciated if comments could be forwarded to me by 24th July 2009.

Best Regards,

Barrie Greenslade
Chairman, TSMAD
