Date 15 July 2009

Subject: S-100 Review

Dear All,

I am arranging a short meeting of the TSMAD Sub-WG in Taunton for the 1st – 3rd September. This is primarily to review comments received on the final draft version of S-100 as outlined in CL 36. The closing date for this is August 31 and the HSSC report on S-100 has to be placed by September 3, thus not leaving much time to enter into email discussions. Any free time will be used in preparing the S-101 work program for TSMAD 19 in Sydney based on decisions made in Ottawa.

I have already contacted the regular members of the old S-100 sub-WG, but whilst I want to keep this meeting as small as possible, if any others wish to attend you are most welcome. There may be a possibility of using video conference facilities we have here at the UKHO, if you have similar capability. Although I remain unconvinced of using it for technical meetings.

Best Regards,

Barrie Greenslade
Chairman, TSMAD
