

PROPOSAL

**TERMS OF REFERENCE AND RULES OF PROCEDURE
for the
ARCTIC INTERNATIONAL CHARTING COORDINATION
WORKING GROUP (AICCWG)**

1. Background

- 1.1 The Arctic regional Hydrographic Commission recognizes the need to actively develop and maintain official nautical charts, in both paper and digital formats, that support ships engaged on international voyages in its region. Accordingly, it appoints and directs a working group to undertake this task. The working group shall be named the Arctic International Charting Coordination Working Group (AICCWG).
- 1.2 The AICCWG is a subsidiary body of the Arctic Regional Hydrographic Commission. It shall conduct its work in accordance with these Terms of Reference and Rules of Procedure. Its work is subject to the Hydrographic Commission's approval.

2. Terms of Reference

- 2.1 To study issues related to nautical charting of the region, in particular to coordinate the allocation of production responsibilities for paper and electronic charts (INT charts and ENC), that support ships engaged on international voyages.
- 2.2 To develop and maintain an integrated international chart scheme for the region.
- 2.3 To reach decisions on the maintenance and updating of the documents for which it is responsible.
- 2.4 To provide advice on chart schemes to individual Member States, in order to encourage adherence to IHO charting regulations, specifications and standards, and to promote and coordinate the production of international (INT) charts and ENC.
- 2.5 To develop proposals for new or amended INT chart schemes to meet evolving user needs (for example, the introduction of new or amended routeing measures, the confirmed developments of international ports).
- 2.6 To coordinate the development and maintenance of small / medium scale

ENC schemes, by regional agreement, to ensure consistent parameters are used in the compilation of ENC.

- 2.7 To act as the custodian and maintainer of official, version-controlled catalogues, depicting the status of published and planned charts, subject to formal review and approval by Member States of the Arctic Regional Hydrographic Commission.
- 2.8 To provide advice to IHB on any amendments required to maintain S-11 Part B: Catalogue of International Charts (for example, scale, limits, numbering) and, as appropriate, any corresponding ENC catalogue.
- 2.9 To provide advice to Chairman CSPCWG and IHB on any amendments required to maintain S-11 Part A 'Guidance for the Preparation and Maintenance of International Chart Schemes', in particular its Annexes (Annex A: Potential Printer Nations; Annex B: Use of A0 Paper).
- 2.10 To provide advice to Chairman CSPCWG and IHB on any amendments required to maintain the 'Guidelines for the Preparation and Maintenance of Small / Medium Scale ENC Schemes' (when published).
- 2.11 To undertake professional consideration of new information of interest to the AICCWG which may impact its business and responsibilities.

3. Rules of Procedure

- 3.1 Membership is open to all members and associate members (Member States) of the Arctic Regional Hydrographic Commission wishing to be represented. Each Member State shall be represented through a single point of contact. Noting the technical nature of the Group's work, participation should be limited to representatives of Hydrographic Offices concerned with nautical charting.
- 3.2 The Coordinator will monitor membership to encourage active participation by all Member States within the Region.
- 3.3 Non-Governmental International Organizations recognized by the IHO may participate as observers in AICCWG activities, where matters of special interest to the NGIO concerned are being considered (IHO Resolution T1.2, rule 6.c refers).
- 3.4 The Coordinator role shall be held by a Member State participating in the AICCWG. The election of the Coordinator, or the reconfirmation of the existing Coordinator, shall be decided by the Arctic Regional Hydrographic Commission at an ordinary meeting or, where a meeting is not convened, by correspondence. Election shall be determined by a simple majority of Member States present and voting (or responding, where determined by correspondence).

- 3.5 Normally, a Vice-Coordinator is not required to be appointed. However, if a Vice-Coordinator is appointed by the Arctic Regional Hydrographic Commission:
- Election to the post will be by the same method as for the Coordinator;
 - The Vice-Coordinator shall act as the Coordinator, with the same powers and duties, in the event that the Coordinator is unable to carry out the duties;
 - The Coordinator and Vice-Coordinator will decide between them the organization of the work entailed in these posts.
- 3.6 Conduct of business will be primarily by correspondence. If meetings are required, these should be planned with due regard to efficiency and obtaining the fullest membership support (for example, by holding meetings in association with meetings of the Regional Hydrographic Commission). All members shall inform the Coordinator in advance of their intention to attend meetings of the AICCWG. The working language shall be English.
- 3.7 Draft proposals will be circulated for review and comment to:
- All members of the AICCWG and, where appropriate, all members of the Regional Hydrographic Commission;
 - Coordinators of adjoining regional ICCWG, if the scheme impacts on those regions (for example, to ensure consistency and coherence of coverage across regional boundaries, for the allocation of chart numbers);
 - Hydrographic Offices producing or printing charts of the Region;
 - Chairman CSPCWG, if independent advice is required.
- 3.8 Decisions shall be made by consensus.
- 3.9 Where required, a Work Plan should be developed and maintained. This should include task priorities and the expected time frames for progressing tasks. The Arctic Regional Hydrographic Commission may delegate tasks to the AICCWG as it sees fit; it is also available to provide guidance on request (for example, in respect of priorities).
- 3.10 The Coordinator will report progress to meetings of the Arctic Regional Hydrographic Commission and at other reasonable times, on request. Reports shall include but are not limited to:
- An updated Regional INT Chart Catalogue;
 - An update of the ENC Catalogue relevant to the Region;
 - Changes made to the scheme of INT Charts for the Region, approved by the AICCWG since the last report, together with a summary of reasons;
 - Changes made to the small / medium scale ENC scheme for the Region, approved by the AICCWG since the last report, together with a summary of reasons;
 - An updated Work Plan (if used).
- 3.11 All participants, including Arctic Regional Hydrographic Commission members and

associate members where not directly represented in the AICCWG, shall keep the Coordinator informed of any information relevant to the AICCWG. This may include:

- Submitting proposals for new INT Charts, or amendments (for example, to limits, scale of portrayal) to existing INT Charts, in the Region;
- Requesting new INT Chart numbers for new charts that are planned;
- Reporting the status of production of international charts (INT Charts and ENC).

3.12 AICCWG members shall respond in a timely manner to all reasonable requests for advice from the Coordinator (for example, requests for updating the Catalogue of the INT Charts of the Region, change in points of contact), abiding by all reasonable stated deadlines.

3.13 The work shall be done in accordance with:

- K2.19: ‘Principles of the Worldwide Electronic Navigational Chart Database (WEND)’, to ensure a world-wide consistent level of high-quality, updated ENCs;
- S-57: ‘IHO Transfer Standard for Digital Hydrographic Data’;
- S-??: ‘Guidelines for the Preparation and Maintenance of Small / Medium Scale ENC Schemes’ (when published);
- S-11 Part A: ‘Guidance for the Preparation and Maintenance of International Chart Schemes’;
- S-4: ‘Chart Specifications of the IHO and Regulations for International (INT) Charts’, which provides the internationally-agreed product specification for both national and international (INT) charts.
