

Proposal on how to make Notices to Mariners, published by BSHC MS, easier accessible

1. Hydrographic Services, representing MS in BSHC, shall make every practical effort so that current bulletins of Notices to Mariners (NtMs) were:
 - Emailed to addresses indicated by the Hydrographic Services, or
 - Downloaded as files from websites of the Hydrographic Services.
2. The Hydrographic Services agree that the bulletins, made accessible in compliance with item 1 above, shall be edited and uploaded as PDF files with no restrictions imposed on copying and printing facilities.
3. The Hydrographic Services will provide an e-mail address of a contact person (NtMs POC), responsible for the exchange of correspondence regarding queries and explanations about contents of particular Notices to Mariners.
4. The Hydrographic Services shall provide the below data and, having discontinued the website address enabling the access to their bulletins, shall send a new one to all the addresses indicated by the said Services.
5. The Hydrographic Services shall make every effort so that all the Notices to Mariners of internal, national significance, preceded by *, were published translated into English.
