18th BSHC Conference - Additional information and documents

Dear BSHC Colleagues

In the BSHC18 Letter 1/2013 on 5 April 2013 you were invited to the 18th BSHC Conference, on 16 – 18 September 2013 in Tallinn, Estonia. In the BSHC18 Letter 2/2013 on 13 June 2013 the Draft Program Version 2 and the Draft Agenda Version 2 were included.

Up to now 26 participants have registered to the Conference. The List of Participants is attached.

Based on the input we have received so far, there are a couple of new items and some detail amendments to the Draft Agenda Version 2 but these are so minor ones that we do not distribute a revised version now, but plan it to be distributed more close to the Conference.

We have already received many documents for the BSHC18 Conference. The List of Documents by 16 August is attached. Some WG reports and other documents are informed to be delayed. Expected documents are shown in grey tone in the list of documents.

Because the BSHC18 documents are as .pdf files the zipping does not reduce their size significantly. Thus attached in this letter are only the some of the documents. The remaining BSHC18 documents received so far will be forwarded within two subsequent emails, one including national reports and the second all other documents.

IHB is kindly asked to upload these documents on the BSHC18 web pages.

Please forward your additional documents when available. We plan to forward the next set of documents by the end of August.

We will be pleased to forward you any clarifications or additional information you wish to have, please let us know.

With best regards

Jukka Varonen
BSHC Chairman
