18th BSHC Conference - Additional documents

Dear BSHC Colleagues

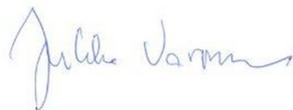

Please find attached additional documents for BSHC 18th Conference. The List of Documents by 29 August is attached. Some comments to the documents:

- The updated List of Participants is attached.
- We have used mistakenly wrong "GE" country code for Germany instead of the official "DE". Hopefully this does not confuse you.
- There are still few expected documents missing.
- The Draft Agenda Version 3 includes some amendments to the previous version. We have noticed that the allocation of the items according to the IHO Work Programme is not perfect, e.g. item C.1 should more logically belong under Items D. However to avoid any confusion we have not rearranged the agenda for that. Hopefully this does not cause any harm to you.
- Due the size of the files, some files will be sent via a subsequent e-mail.

IHB is kindly asked to upload these documents on the BSHC18 web pages.

Looking forward seeing all of you in Tallinn within few weeks.

With best regards

Jukka Varonen
BSHC Chairman
