

BSHC Website

The BSHC website is today working as an useful tool for communication of BSHC issues. It is also a document holder for the working groups of the RHC and most of the WGs use this possibility with all relevant documentation of the WG.

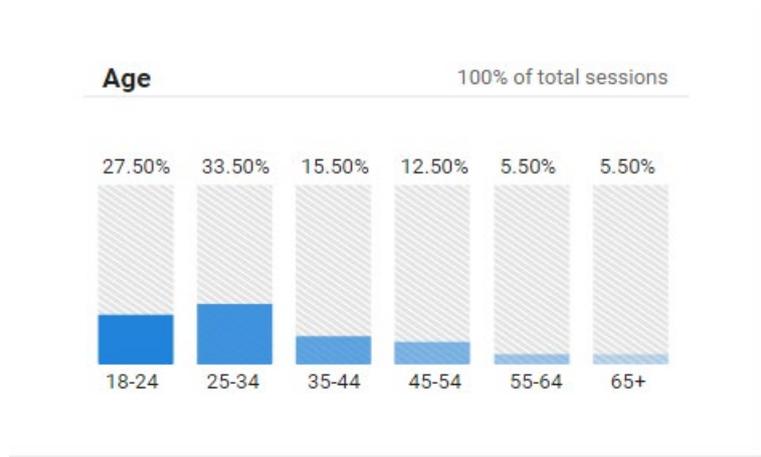

SMA is coordinating the site and will continue to publish information that is sent to sma@sjofartsverket.se. For the best result, please be clear when sending documents on where and how they should be published and also make sure all information is updated and relevant.
