

An Introduction to PRIMAR Minika Bjørge, RENC Manager

Operated by the Norwegian Hydrographic Service

Content

- About PRIMAR RENC
- Data Coverage
- PRIMAR Services
- PRIMAR Distribution

RENC?

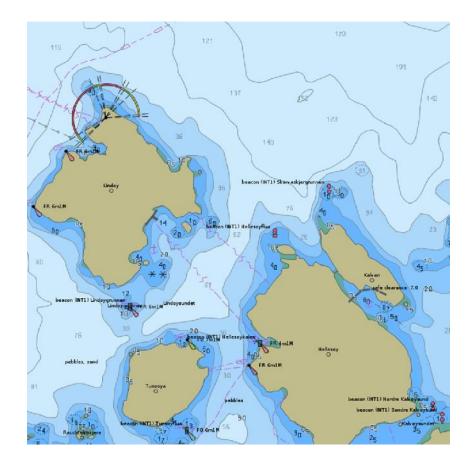

- An organization that assists HOs in the production, quality assurance and distribution of ENCs.
- Operates in accordance with the IHO standards and WEND principles.
- Contributes to safety at sea by enhancing ENC quality and accessibility in consistent way.

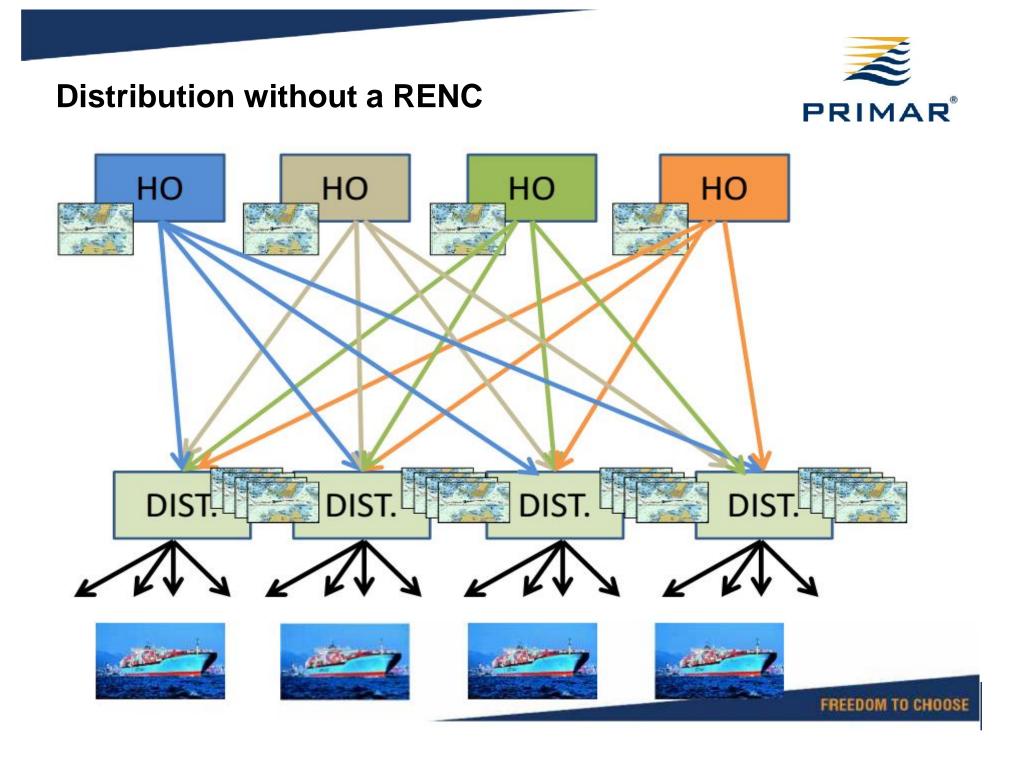

PRIMAR – Organisation

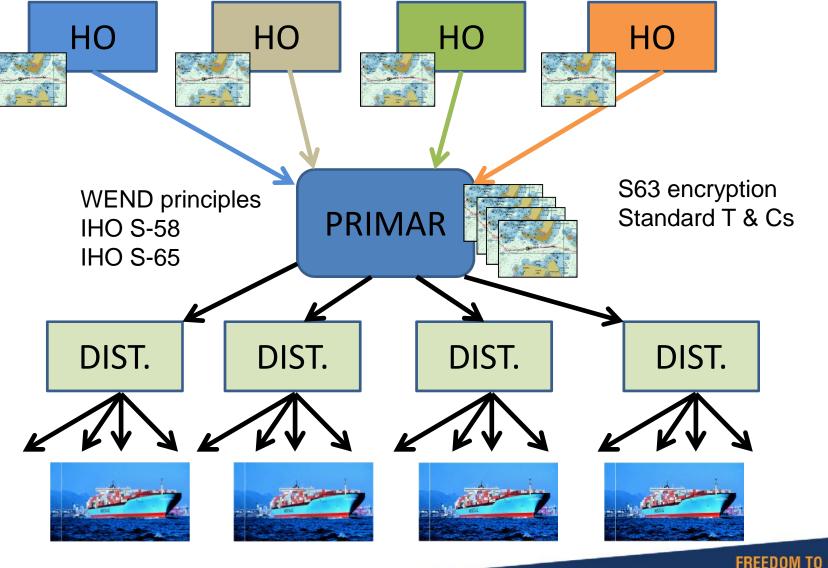

- Regional ENC Coordinating Centre (RENC) established in 1999
- Operated on a non-profit basis by the Norwegian Hydrographic Service.
- Provides a consistent and reliable electronic navigational chart (ENC) service world-wide
- Assist HOs in quality assurance and distribution of ENCs in a consistent way

PRIMAR RENC Concept – One Stop Shop

• PRIMAR's Vision

In order to enhance safety at sea and protect the maritime environment, PRIMAR's vision is to be the most efficient model for the **provision of ENC services** and maritime geospatial data **worldwide**

• Primary Role:

To ensure a harmonized quality level of official electronic navigational charts (ENCs) from many producer nations (i.e. national hydrographic offices)

To make this information available through a network of distributors to international shipping on a 24/7 basis.

PRIMAR Membership

• **PRIMAR Member Nations:** 17 Core members

Brazil, Croatia, Estonia, Finland, France, Georgia, Greece, Iran, Latvia, Lithuania, Montenegro, Mozambique, Norway, Poland, Russia, Sweden and Ukraine.

• Licensing Partners:

For nations outside the RENC cooperation distributing their ENCs through PRIMAR

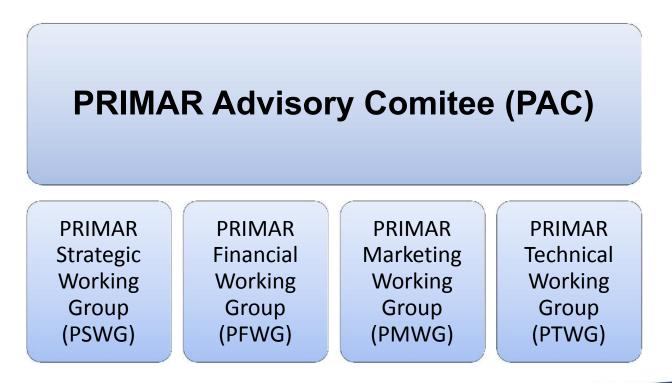

Canada, EAHC ENCs, India, Japan, South-Korea, Singapore, Malacca and Singapore Straits (MSS), USA, Hong Kong, Malaysia and Italy

PRIMAR Governance

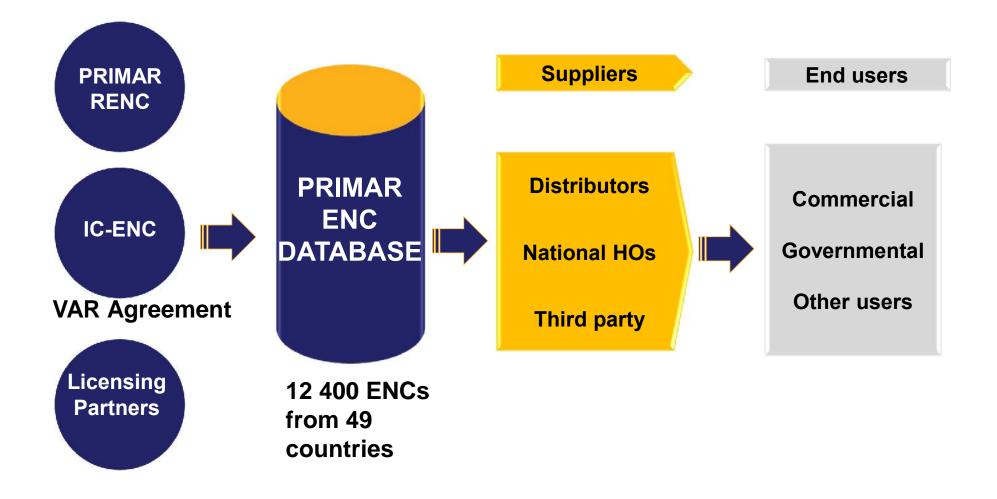

- PRIMAR is controlled by its members through PAC
- PAC is chaired by a member nation and this position is rotated amongst the members.

PRIMAR Value Chain

Services to Cooperating HOs

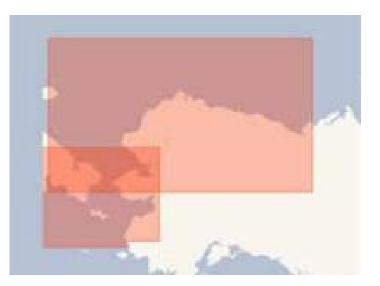

- Database Management: 24/7 access to own data.
 - Allows for an encrypted transfer of ENCs from a member nation directly to pre-release database.
 - Full control over data upload, download and release operations
- Quality Assurance Services
- National Services
- Tailored Training / Workshops on ENC quality control and in the use of the PRIMAR ENC tools
- Operational and technical support S-57, S-58, S-65, S-101, S-102
- Distribution and Revenue Management

PRIMAR - Quality Assurance Services + S-63 F Data encryption

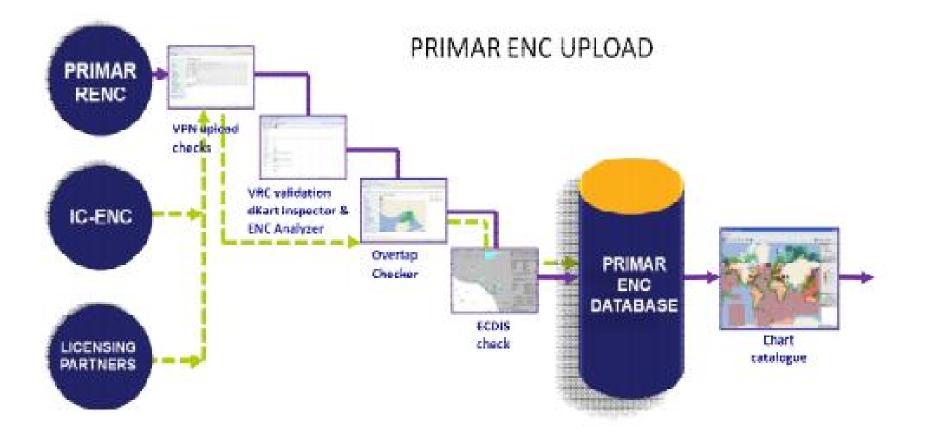

- A range of tools available for checking the ENC quality
- ENC Validation (Validation report checker)
 - Automatic check of ENCs on upload to the PRIMAR database (S-58 checks) etc
- Other tools **developed in-house**:
 - ENC consistency checker
 - ENC overlap checker (IRCC overlaps procedures)
 - + more
- ECDIS system checks
- Data protection: IHO S-63 standard

PRIMAR Validation Procedures

PRIMAR - National Services

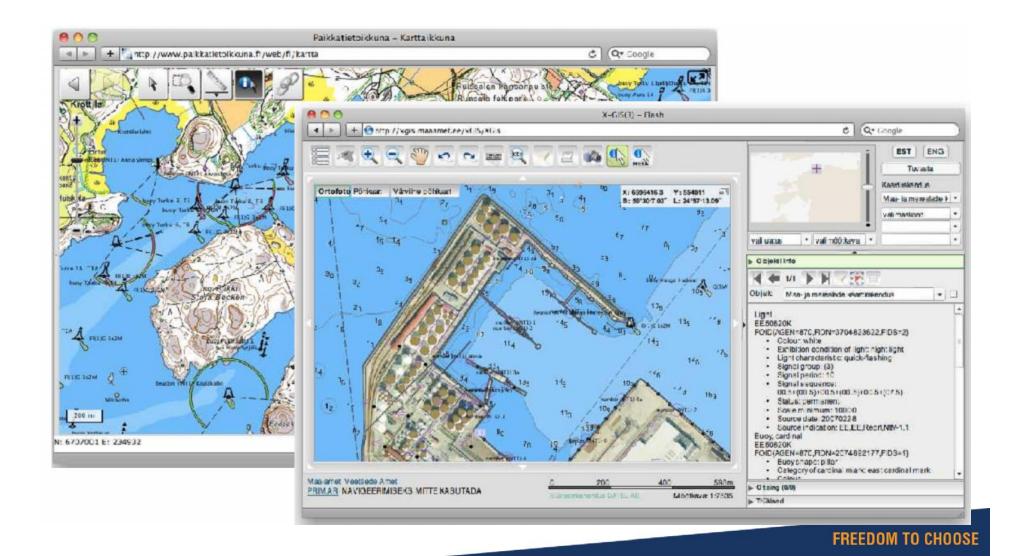

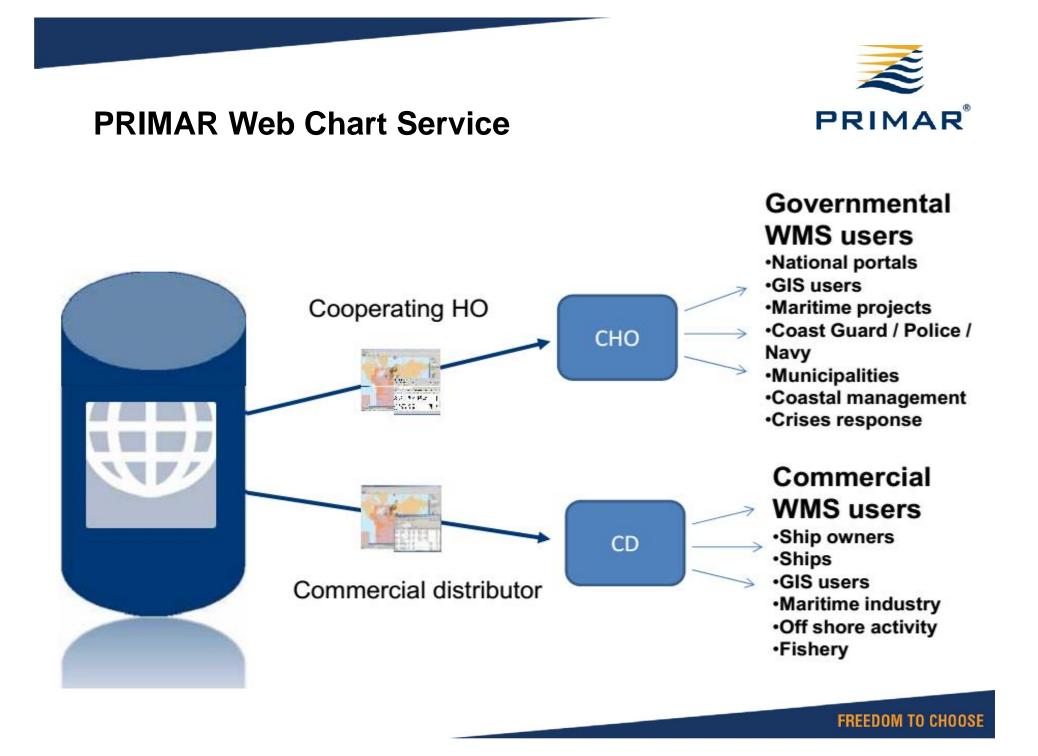

- Member nations only
- National services for navigational purposes
 Pilots, Vessel Traffic Control, Search & Rescue
- National services for non-navigation using products derived from ENCs
 - Coastal zone management & Contingency planning
- Navy Supplier service for delivery of ENCs to the nation's own navy / coast guard
- PRIMAR Inspector Service for Port State Control
 Officers

PRIMAR Web Chart Service

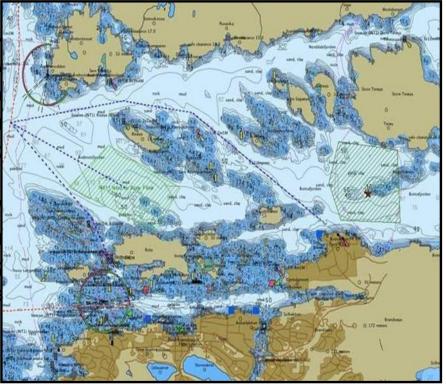

PRIMAR Web Chart Service User Story

Anchorage areas for commercial vessels requiring compulsory pilotage:

"To be able to manage the anchorage areas, w used ENCs and Bathymetric data on WMS conjunction with raster charts on I GIS system to g a better overview of the information needed support the decision for the best definition of th areas that must be provided for anchoring of vesse along the Norwegian coast. Use of ENCs on ECDI does not offer the same possibilities with regards information overlays and data analysis. The imag shows the previously charted area and the propose anchorage area (shaded in green)"

> Department for Maritime Traffic, Norwegian Coastal Administration

Summary of Services to Members

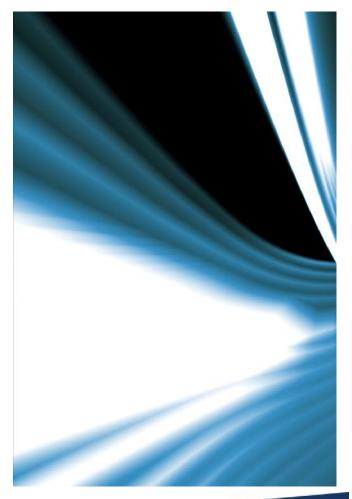

Database management tools and services	Quality Assurance Tools and Services	National Services
 ✓ ENC upload/upload checks ✓ ENC download Pre-Released ✓ ENC delete ✓ ENC release ✓ ENC download release ✓ ENC reports ✓ ENC usage/sales reports ✓ ENC exchange set generator ✓ IHO meta data report ✓ Data protection and digital signature ✓ S-102 data distribution 	 ✓ ENC validation report checker (VRC) based on: dKart Inspector ENC Analyzer ✓ S-57 Advisor ✓ ENC Overlap checker ✓ ISO8211 to Text ✓ ENC check update ✓ ECDIS Furuno and Transas + (Maris & Adveto) ✓ S-57 support ✓ S-101/S-102 competence/general competence on IHO standards 	 ✓ ENC Pilot Services ✓ ENC VTS Services ✓ ENC Navy Services ✓ Inspector service (Port State Control) ✓ Web Map Services based on ENC

PRIMAR ENC Distribution & Revenue Management

- PRIMAR ENC's are only available through authorized distributors
- Coordinate and manage the wholesale supply of its members' ENCs
- Manages all aspects of sales reporting, invoicing and revenue collection process
- All PRIMAR members have on-line access to national sales, data and customer figures through the VPN
- Coordinate feedback from the market to the relevant member nation.

PRIMAR Update Tracker

Service Levels & Maritime Safety Circle

- All actors have access to the same charting information
- By utilizing the **PRIMAR infrastructure**, a member nation can
 - contribute to increased maritime safety and
 - protect the maritime environment.

Capacity Building: Montenegro

- Montenegro lacked a production environment and detailed knowledge in ENC production
- PRIMAR provided support in the development of full ENCs production environment and training (funded by the NHS)
- SevenCs capacity building program setup of full production environment and staff training completed in three months
