

Marine Economic Infrastructure Programme Working Group

Participants' Questionnaire

- 1. How do you share maritime information within your country?**

- 2. Does your nation have a National SDI and / or MSDI?**

- 3. Are there any resources to develop MSDI within your country in the next 1-5 years?**

- 4. Do you use MSDI to plan national/regional survey tasking?**

- 5. Are you able to, and if yes, do you share information with your neighbouring states?**

- 6. What tools do you use to plan and prioritise chart revisions, and could the MEIP help in this task?**

- 7. How much time and resources are you able to further commit to further develop the MEIP over the next year?**

- 8. Do you use or do you envision using hydrographic data for purposes other than chart production?**

- 9. Acknowledging that the IHO MSDI WG oversees but isn't limited policy, strategy, governance / standards, and MEIP forms a practical example of this, would you be supportive of the MEIP activity being coordinated under the IHO MSGI WG group?**
