Subject: **13th MACHC Conference Hydrographic Exhibition**

Dear MACHC National Hydrographer and Hydrographic Industry

I am pleased to announce that the hosts of the 13th MACHC the Director General of Maritime Affairs at the Guatemalan Ministry of Defence, has arranged for a Hydrographic Exhibition to run along side of the MACHC Conference.

This will be the first exhibition of this kind within Guatemala. I would encourage participation to enhance the nation's hydrographic capacity, regional maritime development and to enhance the depth of the Conference. The exhibition will be held adjacent to the main conference room.

Further details on the exhibition can be found in Annex A; please contact the hosts directly if you wish to participate.

Regards

Rear Admiral Nicholas Lambert
