

INTERNATIONAL HYDROGRAPHIC ORGANIZATION
MESO AMERICAN & CARIBBEAN SEA HYDROGRAPHIC COMMISSION

**MACHC Circular Letter
10-2012**

August 23, 2012

To: MACHC Members, Associate Members and Observers.

Subject: Timetable for the 13th MACHC

Dear MACHC Colleagues,

I am writing to advise you of the preliminary timetable of the forthcoming 13th Meso American and Caribbean Hydrographic Commission conference Annex A.

UK has been in correspondence with the Government of Guatemala through the Director General of Maritime Affairs, who have proposed to have a Hydrographic Exhibition running alongside the conference. This has been incorporated into the timetable.

The MACHC will take place between Monday 19th and Thursday 22nd November; this will enable delegates to depart from Friday 23rd onwards. Delegates are requested to arrive over the weekend of 17-18 November. I would strongly encourage participation in the industry morning on Monday 19th if not involved in the MACICCWG.

I look forward to seeing you all in Guatemala.

Rear Admiral Nicholas Lambert
UK National Hydrographer and MACHC Chair
