MACHC Letter 02/2015

Date, 26 February 2015

To: Mr Thomas Dehling Thomas.dehling@bsh.de
Chair of the IHO Capacity Building Sub Committee

Subject: MACHC Capacity Building Projects

Reference: IHO CBSC Procedure 1

Dear Mr Thomas Dehling,

1. The Meso American and Caribbean Sea Hydrographic Commission, at its last meeting (Dec 2014, Manzanillo, Mexico), considering the IHO CBSC guidelines, approved a Capacity Building Plan which follows as Annex **A** to this letter. As can be seen, the MACHC CB Plan considers the IHO Objectives and Strategic Directions, together with the peculiarities of the MACHC region. Therefore the derived projects focus on achieving these objectives and are not just desirable events.
2. According to the referred procedures, I submit to the IHO CBSC four projects to be carried out during 2016, which may be found at Annex **B**.

On behalf of the MACHC membership, I take this opportunity to thank the IHO CBSC for their continued support to this Regional Hydrographic Commission and to say that I'm at your and the CBSC's disposal for further information if required.

Sincerely yours,

Mr. M. Amafo LL.M (IMLI)
Director Maritime Authority Suriname and MACHC Chair
