

Logistics Information

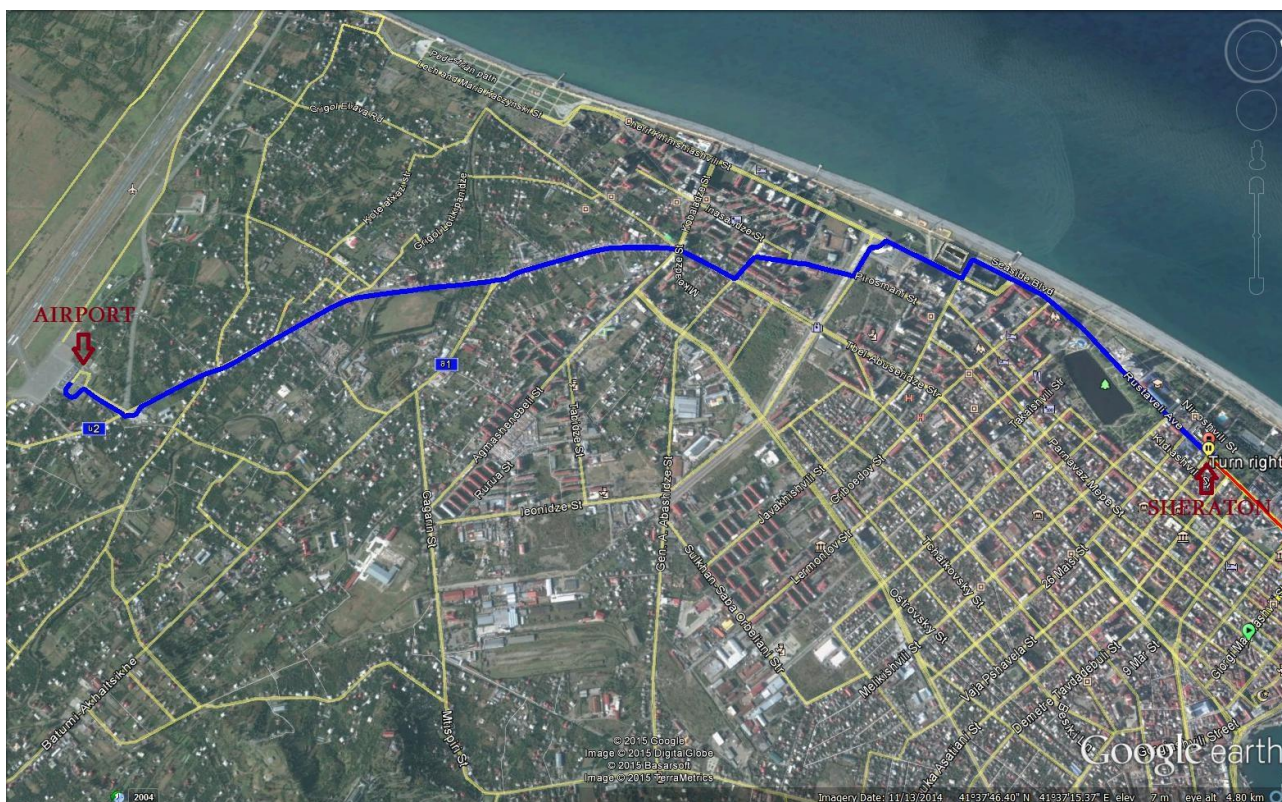

1. Transportation (Airport to Sheraton Hotel)

BUS

Plenty of buses dashing around town, perhaps the useful ones for tourists are #9 & 10 which go to the airport. #10 is particularly good as it travels along the seafront first. Hold your hand out to stop the bus, there are not too many official bus so they will stop for you wherever you won't. Buy a ticket (0.5 GEL) from the driver, or in supermarket, and don't forget to stamp it at the start of the journey.

TAXI

This is an easier way to travel from the airport to your destination because they are always at the front gate soon as you land. Maximum you should pay for a cab is 10 GEL.
