19th MEDITERRANEAN & BLACK SEA COMMISSION CONFERENCE (Batumi, Georgia)

STATUS OF REGION F ENC COVERAGE

ENC: MBSHC18 Follow-up

MBSHC18-07 (Region F Coord): to prepare a priority list of main harbours without large scale ENC coverage in the region

→ **Done:** *Region F ICC Circular Letters 01/2014 & 01/2015*

MBSHC19-12X: RCC to update the regional priority list of main harbours without large scale ENC coverage in the region.

MBSHC18-11 (IT/TR): to provide the Region F ICCWG Co-ordinator with a common proposal regarding the UB1 ENC cells TR100030 and IT100360.

→ ***Ongoing.***

ENC Coverage status

No Agreed ENC schemes (i.e. UB) approved so far

UB1: Review achieved. Over the 6 overlapping cases, few of them can be resolved shortly. **Low** navigational interest.

→ *Contrast between a **well established** small scale INT scheme (Index 1) and a **disparate** UB1 scheme.*

UB2-3: No Review achieved. Difficulty to address overlapping cases due to significant 'domino effect' from UB1 overlaps assessment, despite significant navigational interests.

UB4-5-6: **High** navigational interests with harbours and mooring areas. **Less** overlapping issues.

→ *ICCWG Members agreed to **focus on those usage bands.***

MBSHC is invited to:

- *Take note of the report.***
- *Consider the following action proposals from the RCC.***
