Dear Yves

The UKHO notes that Spains report to the MBSHC ICCWG region F is to be recorded as a permanent record of the Working Group.

As such the UK would like the following statement to also be recorded as permanent record:

“The UK has no doubt about its sovereignty over Gibraltar, including British Gibraltar Territorial Waters; as such it is entirely appropriate, and in line with standard procedures, for the UK to publish charts of those territorial waters.”

I appreciate your assistance in ensuring this is done

Yours sincerely,

Chris Thorne
