1. Presentations have been grouped to provide a focus and introduction to the indicated agenda items with the anticipation of informing RSAHC member state delegates, as well as stimulating discussion both in the meeting and in the breaks.
2. It is intended presentations will provide generic updates on the wider industry initiatives and developments whilst indicating where opportunities can be identified to compliment and enhance the IHO capacity building efforts within the region to meet the needs of member states.
3. Times are approximate and depend on meeting progress through the agenda. Presentations will be no longer than 20 minutes, including any immediate questions raised from the presentation.
4. Opportunities for discussions on particular products and/or services with individual companies and delegates are important and full use should be made of the various breaks in the programme to engage with the industry observers.
