Capacity Building

- Contribution – Non, very much on need
- Request for Support.
 - Phase I CB
 - Phase II CB
 - Phase III CB
- Special training that will help NHC members understand the M2 Publication and help them to properly disseminate that knowledge to the higher government officials

Contributions to the IHO DCDB and GEBCO

- ENC of the above mentioned chart has been released

Lessons learned to share

- Involvement of young generation to familiarise with hydrography and member state obligations in accordance with SOLAS V
- Succession plan should be an agenda for SAIHC
- Training opportunities

Success stories to share

- The URT is currently focussing in improving communication infrastructures, transport infrastructures being of much emphasise.
- NHC of Tanzania is highly calling upon region and International organisations to support the NHC members particular in building our capacity so that we align our self with the national priorities.

THANK YOU
